Resolution 2016:151 – Resolution Authorizing the Payment of Bills and Claims for Second Half of June

Resolution 2016:152 – Resolution Authorizing Summer Rec Refund

12. PUBLIC COMMENT

13. ADJOURNMENT

BOROUGH OF HADDON HEIGHTS
Wednesday, June 8, 2016
Governing Body Meeting Minutes

Mayor Merryfield called the meeting to Order at 7:00 p.m. and then read the following statement:

"In accordance with Section 5 of the Open Public Meetings Act, Chapter 231, P.L. 1975, notice of this meeting was posted on the bulletin board designed for that purpose and notice was transmitted to the official newspapers provided by Resolution adopted January 2, 2016."

ROLL CALL:

Mayor Merryfield asked Borough Clerk Santosusso for the roll call.

Under roll call, Council President Kathy Lange, Councilwomen Susan Griffith and Jackie Valvardi were present as well as Councilmen Stephen Berryhill and Vince Ceroli. Solicitor Albert Olizi, Jr., Borough Clerk Kelly Santosusso and Administrative Assistant Marian Hauser were also present. Councilman DiRenzo was absent.

CAUCUS SESSION:

Mayor Merryfield invited Council President to address Council on the Caucus item below.

HHYA Addition of Window at Concession Stand at Barr Complex – *Council President Lange*
Council President reported that the PMA, our Risk Control Specialists, provided a report to the Borough following a site inspection of the Barr Complex Concession Stand. The report overall suggested that a service window would not be recommended in the location it had been proposed. Lange noted that the original Resolution will be tabled indefinitely.

Council President said that she has a letter of support for another agenda item that she will read during the Business Session.

Transportation and Community Development Initiative Project - Multi-purpose Pathway Along Atlantic Avenue Corridor – *Borough Clerk Santosusso*
Santosusso reported that she attended the publicly advertised meeting on the TCDI Multi-purpose Pathway along the Atlantic Avenue Corridor. She noted that the pathway covers from Haddon Heights, through Audubon to Oaklyn. The three towns are participating in the grant funded by the Delaware Valley Regional Planning Commission. Borough Engineer, Steve Bach provided a diagram of the pathway throughout each town. Comments and suggestions were made.

Mayor Merryfield asked Councilmembers if they had any questions or comments regarding this evening's Agenda.

Council President Lange noted that the payment to the Red Cross invoice on this evening's bill list is completely covered by the registration fees paid to the Borough for the Babysitting Training Course offered by Haddon Heights Programs.

Mayor Merryfield kin the day noting that at least 30 trees are down throughout the town due to a severe wind storm earlier today. He said that a family has been evacuated from their home at 111 Hillside when a tree hit their home. The tree fell from her neighbor's property. He said that no one was hurt but the family was pretty shaken. He added that a vehicle was hit by tree as well. Lastly, Mayor Merryfield mentioned that all should be careful moving through town as areas may be taped off due to downed power lines.

John Ellis reported that Borough trees caused damage. PSE&G is currently in town handling downed power lines. Mayor Merryfield asked Superintendent John Ellis if most of the damage was on the west side of town. Ellis agreed and noted that the County Park corridor and three or four trees outside of the park received the most damage.

Mayor Merryfield recessed Caucus session at 7:15 p.m. and announced that the Business Session would commence downstairs at 7:30 p.m.

BUSINESS SESSION:

Mayor Merryfield called the business session to order at 7:30 p.m.

PLEDGE OF ALLEGIANCE AND MOMENT OF SILENCE

Mayor Merryfield asked all to stand for a moment of silence and then led the meeting in the Pledge of Allegiance.

PUBLIC COMMENT:

Mayor Merryfield asked called for Public Comment on Caucus and Agenda items only.

Johnathan Guckin, 1640 Chestnut Avenue – Lights at Devon Avenue field. Mr Guckin said that he has been a resident for over thirteen years and is a father of two boys; both of which play soccer in town. He said he has volunteered for the HH Soccer Club. He described Soccer as a tremendous sport that teaches sportsmanship, conflict resolution and working together toward a common goal. He said these attributes are fundamental and essential to developing life skills. Mr. Guckin went on to say that he is well aware that we are a small town with fiscal restraints. He said that he is wanted to express his appreciation for the governing body to come up with an equitable plan for all. He expressed his sincere appreciation to the governing body for their support of this project. He said that one of the ways he is looking to develop positive memories and experiences for his children is through the soccer program.

Mike Durkin, 505 Guyer Drive – With the exception of nine years, I have lived my entire life in Haddon Heights. I am in 100 % in support of the decision to install the lighting. Baseball fields with lights for the night games.

Robin Campbell, 1112 Prospect Ridge Blvd. – Mr. Campbell said that he has been a resident for a little over 3 1/2 years. He said that he came to town when he put his kids in St. Rose for the all day kindergarten program. He said they decided to put our kids into sports in this town while considering which community to live. He said that the soccer and baseball programs have had a meaningful impact on his children. He said the renting of lights once the unsafe lights were removed had a significant impact on the program in a negative way. He said the ability to add additional hours in the evenings for practice and games is important giving many more teams time to practice. He thanked Council for their consideration of the lighting project.

Council President Lange read a letter from Chris Mrozinski, 109 Third Avenue – He wanted to share support of the bond ordinance funding the lighting project. He wrote that "…his three children have benefitted from using the soccer fields at Devon Avenue over the past six years. The continued upgrading and maintenance of the fields is an important aspect of the viability of local towns and local sports. He said that he is happy that Council has been supportive of the effort to ensure these fields can provide viable programs. Ensuring proper athletic complexes for youth will continue to draw new residents to the community and keep residents in Haddon Heights helping to increase tax ratables to the Borough."

Mayor Merryfield said his daughter played soccer on these fields and his grandson plays baseball and will likely play soccer as well. He said that the HHSC worked with the Council offering financial support to the solution. They attended every meeting to ensure we were able to come to a solution. He said that he is very pleased with the outcome.

Seeing no movement a motion to close the public comment portion of the meeting was made by Council President Lange, seconded by Councilman Berryhill. All members present were in favor.

PRESENTATION OF LETTER OF COMMENDATION to Matthew Baals

Mayor Merryfield asked Mr. Baals to come forward; he read the Letter of Commendation to Matthew Baals from Haddon Heights elementary schools wanted to improve the perception of police officers so he set up a program, *Adopt-a-Cop,* where an officer would come into the class and either read a book or a play a game with the students. He worked with all the schools in town scheduling an officer on Mondays, Wednesdays and Thursdays. Officers began issuing a "ticket" to a child doing a good deed and the child was then recognized by the school. This program has received positive feedback from numerous parents. The Haddon Heights Police Department have seen a dramatic change in how students are much more comfortable approaching officers.

Mr. Baals said that he and the school really appreciate the town's support and all of the officers in town. He said that Chief Kinkler and all of the officers have been fantastic to work with.

Chief Kinkler expressed his appreciation for all of the extra work involved with coordinating this Program noting that this work is in addition to Mr. Baals official position with the School. He said that this program is one of the most outstanding projects done by an educator this year.

APPROVAL OF MINUTES:

Council President Lange asked for a motion to approve the Minutes of the May 17, 2016 Council Meeting. A motion was made by Councilman Berryhill, seconded by Councilwoman Valvardi. Councilman Ceroli abstained. All members present were in favor.

COUNCILMEMBERS REPORTS:

Councilman Ceroli read a letter from Wise Family Quality Jewelers, George and Melinda and Irene Wise. They thanked the Department of Public Works for the fine work of the DPW of the recent cleanup around the train station. He said that our town has many upcoming events and the center of town looks wonderful for all that may visit our town. Councilman Ceroli and Mayor Merryfield congratulated Superintendent John Ellis.

Councilman Ceroli reported that a lot of the damage around the town due to downed trees. He said that DPW will be working overtime throughout the week and possibly weekend on cleaning up all of the debris throughout town.

Councilwoman Valvardi reported that Borough Clerk Kelly Santosusso has conducted performance evaluations of Borough Hall Staff, with just two remaining.

Council President Lange reported that the McCullough Field Lighting replacement bid was advertised and the bids will be received in Town Hall on June 29th.

She reported that the first payment for the Summer Rec Program was June 1st and a sizeable deposit for the \ Program was made. She thanked Julie Yuhaze from Borough Hall for coordinating all registration and paperwork.

Lange reported that the Board of Education has approved use of the 7th Avenue School Multi-purpose room for the Summer Rec Program for inclement weather days during the Program.

Lange then reported that the seasonal rentals are doing well.

Council President Lange announced that she and the Program Coordinator, Erin Moran, are working toward the introduction of a sport called *Pickleball* and said she understands that the *Retrospect* will be working on an article on this new sport this week.

Lange said that the Borough is working on replacing some tot sized equipment at Hoff's Park for ages 5 and older. She noted that the Borough has had this equipment in year's past but that we are working toward replacing this equipment.

Lange said that the Soccer Fields bathrooms were reopened on May 23 following a flooding incident. She thanked the Department of Public Works.

Lange reported that the HH Business and Professional Association meeting was this evening.

Lastly, she said Board of Education has begun their new school cycle for 2016/2017 school year; see website for meeting dates.

Councilman Berryhill reported that the Local Board of Health meets Thursday evening at the Service Operations Facility. He said the public is welcome to attend.

Berryhill said that he is working on the Abandoned and Vacant Properties procedures or Rules and Regulations. He said that he thought we may not need to institute Rules and Regulations. He said that we will hopefully begin certifying the abandoned and vacant properties in July.

Berryhill reported on the recent complaints regarding DelBuono's saying he is working to resolve neighbors issues.

Berryhill said that the Municipal Alliance has scheduled a luncheon for senior citizens this coming Tuesday At Borough Hall. He said that the Municipal Alliance has been in the news and said that the Committee has the best interest of kids and seniors regarding this issue. He said that this group we have a meeting scheduled next week and mentioned they are a hardworking group that is open to suggestions on topics to be discussed in the schools. Berryhill said that he would like to recommend Chris Linaris to the Municipal Alliance. He said that Chris attended our last meeting and some great suggestions. Berryhill said that we can always use new members.

Mayor Merryfield thanked Chris Linaris for his interest in serving on Municipal Alliance. She said that the town cannot do all it does without the wonderful volunteers who serve.

UNFINISHED BUSINESS:

Public Hearing and Final Adoption on Board Ordinance 2016:1430 Bond Ordinance Providing for the Purchase and Installation of Lighting on McCullough Field at Devon Avenue by the Borough of Haddon heights, Appropriating $400,000 Therefor and Authorizing the Issuance of $380,000 Bond or Notes of the Borough to Finance Part of Cost Thereof

Mayor Merryfield opened the Public Hearing on Bond Ordinance 2016:1430. Seeing no movement, a motion to close the Public Hearing was made by Councilman Berryhill, seconded by Council President Lange. All members present were in favor.

A motion to adopt Bond Ordinance 2016:1430 was made by Councilman Berryhill, seconded by Council President Lange. Under a roll call vote, all members present voted in favor.

Councilmember Berryhill commented that he would like to commend Council President Lange for all of the hard work he has seen in getting this project to this point. Council President thanked Councilman Berryhill For his comments and said that it was a team effort.

Public Hearing and final adoption of Ordinance 2016:1431. Seeing no movement, a motion to close the Public Hearing was made by Council President Lange, seconded by Councilwoman Valvardi. All members present were in favor.

A motion to adopt Ordinance 2016:1431 was made by Councilman Berryhill, seconded by Councilwoman Valvardi. Under a roll call vote, all members present voted in favor.

NEW BUSINESS:

Introduction of Ordinance 2016:1432 – An Ordinance of The Borough of Haddon Heights, County of Camden, New Jersey, Re-Appropriating Certain Funded Appropriation Balances Heretofore Provided for Various Capital Projects and Re-Appropriating Such Funded Appropriation Balances for Other Capital Projects

Public Hearing and Final Adoption is scheduled for Tuesday, June 21, 2016 at 7:30 p.m. in the Municipal Building, 625 Station Avenue, Haddon Heights, New Jersey

A motion to introduce Ordinance 2016:1432 was made by Councilman Ceroli, seconded by Council President Lange. Under a roll call vote, all members present voted yes.

Introduction of Ordinance 2016:1433 – The Flood Damage Prevention Ordinance

Public Hearing and Final Adoption is scheduled for Tuesday, June 21, 2016 at 7:30 p.m. in the Municipal Building, 625 Station Avenue, Haddon Heights, New Jersey

A motion to introduce Ordinance 2016:1433 was made by Councilman Berryhill, seconded by Council President Lange. All members present were in favor.

Mayor Merryfield asked for a motion to bring Resolution 2016:131 back to the table.

Council President Lange moved to table Resolution 2016:131 indefinitely due to a change in plans. A motion to table Resolution 2016:131 indefinitely was made by Councilman Berryhill, seconded by Councilwoman Valvardi. All members present were in favor.

Resolution 2016:142 – Resolution Awarding a Contract to Veddor LLC for the Purpose of Providing Entertainment for the 4th of July After Parade Party

A motion to adopt Resolution 2016:142 was made by Councilman Berryhill, seconded by Councilman Ceroli. Under a roll call vote, all members present voted in favor.

Resolution 2016:143 – Resolution Requesting the Insertion of a Special Item of Revenue in the Budget of Any County or Municipality Pursuant to N.J.S.A. 40A:4-87 (Chapter 159 P.L. 1948) – *Clean Communities Grant*

A motion to adopt Resolution 2016:143 was made by Council President Lange, seconded by Councilman Ceroli. Under a roll call vote, all members present voted in favor.

Resolution 2016:144 – Resolution Authorizing Payments of Bills and Claims for the First Half of June

A motion to adopt Resolution 2016:144 was made by Council President Lange, seconded by Councilman Ceroli. Under a roll call vote, all members present voted in favor.

Resolution 2016:145 – Resolution Authorizing Refunds of Program Fees

A motion to adopt Resolution 2016:145 was made by Council President Lange, seconded by Councilman Berryhill. Under a roll call vote, all members present voted in favor.

Resolution 2016:146 – Resolution Canceling Outstanding Checks

A motion to adopt Resolution 2016:146 was made by Councilwoman Valvardi, seconded by Councilman Ceroli. Under a roll call vote, all members present voted in favor.

Resolution 2016:147 – Resolution Authorizing a Change Order #1 (Final) for the Project FY 2015 Handicap Ramp Program, Camden County CDBG Program, Years 35, 36 & 37 Funding

A motion to adopt Resolution 2016:147 was made by Council President Lange, seconded by Councilwoman Valvardi. Under a roll call vote, all members present voted in favor.

PUBLIC COMMENT:

Mayor Merryfield called for Public Comment on any matter.

John Rayser, 611 W. High Street – congratulated and thanked Council for their work in securing funding for the lighting project on McCullough field at Devon Avenue. He then asked about the other side of Devon Avenue, specifically, the tennis courts. Council President explained that the tennis courts are suitable for practice but the High school decided not to play home games on the courts due to the crack. She explained the history of the tennis courts saying that there were three original and then two additional were added to the left. If you enter the courts, you can see where the two were added. She said that over three years ago, the Borough spent 2,000 and we brought in American Courts to try and repair the crack but it is now opening again. She said that we had our Risk Management company out to inspect the courts and they were considered suitable for play, they just do not look good. Haddon Heights High School Athletic Administration decided not to play home games there. They are suitable for practice but the decision was made by the School to not play home games there. She again noted that they were not deemed unsafe for play. She said that this the School practices on the courts and they run a tennis camp on the courts. She said that this is a local decision and is not made by the State. We tightened all the fences and fixed the gate. We painted the lines and the School replaced the nets. She said that the bleacher was determined to be illegal and did not replace it because Athletic Director felt that most parents brought their own chairs. We painted the lines, tightened the screws and repaired the gate. Discussion ensued regarding the overall plan for the undeveloped area in back of the tennis courts. Solicitor Olizi explained the plan was to put in new courts and perhaps have added a new field. She said the good thing about all of this is that environmental concerns have been addressed and we are now at a point where we need money to move forward. She noted that the Audubon Green Wave field is a Board of Education cooperative initiative, the Haddonfield Borough and Board of Education effort toward one of their fields. She said that if the Board of

Education would like to contribute money towards the tennis courts, it would be a welcomed topic of discussion. Council President thanked Mr. Rayser for putting his concerns on the record.

Mr. Rayser commented that the area by Kings Run as you enter Haddon Heights looks great. He said that certain entryways to the town look great. He thanked the Department of Public Works. Mr. Rayser's last comment was regarding a property on 9th Avenue. He expressed his concern at a home on the left as you leave Haddon Heights just prior to the underpass.

Lee Griffith, 1600 Sycamore Street – Mr. Griffith thanked Council President Lange and the Borough Council on her work in getting this project to this point.

A motion to close the Public Comment portion of the meeting was made by Councilman Berryhill, seconded by Councilman Ceroli. All members present were in favor.

A motion to adjourn was made by Councilwoman Griffith, seconded by Councilman Berryhill. All members were in favor. 7:57 p.m.

Respectfully submitted:

_____

Kelly Santosusso, RMC, Borough Clerk

Mayor Merryfield and Council President Lange - Please find attached a letter of support for the Devon Ave lights resolution from one of our member parents, Chris Mrozinski, who is away on business travel and unable to attend tonight.

Doug

Borough of Haddon Heights
625 Station Ave
Haddon Heights, NJ 08035

June 7th, 2016

Members of Borough Council,

I wanted to share my support of Bond Ordinance 2016:1430. My three children have each benefited from the use of the fields at Devon Avenue for the past six years as my oldest has progressed through the soccer program and my youngest is just starting out. The continued upgrading and maintenance of the fields is an important aspect of the viability of local towns and local sports. I am happy that Council has been so supportive of the efforts to ensure these fields can provide viable programs for our children.

Ensuring proper athletic complexes for the youth will help continue to draw new residents to the community and keep residents in Haddon Heights helping to increase home values and tax ratables for the Borough.

Thank you again for your support of this Ordinance and we look forward to playing under the lights again!

Sincerely,

Chris Mrozinski
109 3rd Ave

ORDINANCE 2016:1432

ORDINANCE OF THE BOROUGH OF HADDON HEIGHTS, COUNTY OF CAMDEN, NEW JERSEY, RE-APPROPRIATING CERTAIN FUNDED APPROPRIATION BALANCES HERETOFORE PROVIDED FOR VARIOUS CAPITAL PROJECTS AND RE-APPROPRIATING SUCH FUNDED APPROPRIATION BALANCES FOR OTHER CAPITAL PROJECTS

BE IT ORDAINED by the Governing Body of the Borough of Haddon Heights, County of Camden, New Jersey (the "Borough") (not less than two thirds of all of the members thereof affirmatively concurring), pursuant to the provisions of the Local Bond Law, Chapter 169 of the Laws of 1960 of the State of New Jersey, as amended and supplemented ("Local Bond Law"), as follows:

Section 1. The following appropriations remaining as balances in the following Bond Ordinances ("Ordinances") heretofore adopted by the Borough, are each hereby canceled:

Ordinance	Amount
2008:1261	$1,211.83
2010:1333	1,343.13
2011:1368	1,832.10
2013:1400	795.34
2014:1411	1,466.10
2015:1422	358.73
2015:1425	42,992.77
TOTAL:	**$50,000.00**

Section 2. The sum of $7,007.23 which represents the funded aggregate appropriations canceled in Section 1 and the sum of $42,992.77 which represents the unfunded aggregate appropriations canceled in Section 1 hereof, is hereby re-appropriated from the Ordinances, as applicable, pursuant to Section 40A:2-39 of the Local Bond Law, for:

a) Computer software in the amount of $17,000.00
b) Sewer Repairs on Maple Avenue in the amount of $13,000.00
c) Miscellaneous office equipment and computers in the amount of $10,000.00
d) Police equipment in the amount of $10,000.00

Section 3. The aggregated period of usefulness of the purposes referred to in Section 2 within the limitations of the Local Bond Law and according to the reasonable life thereof, is not less than five (5) years.

Section 4. The Capital Budget is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency therewith, and the resolution promulgated by the Local Finance Board showing full detail of the amended Capital Budget and Capital Program as approved by the Director of the NJDCA Division of Local Government Services, is on file with the Borough Clerk and available for inspection.

Section 5. The improvements authorized hereby are not current expenses and are general improvements that the Borough may lawfully make. No part of the cost of any such improvements was authorized hereby has been or shall be specially assessed on any property specially benefitted thereby.

Section 6. All ordinances or parts of ordinances inconsistent herewith are hereby repealed to the extent of such inconsistency.

Section 7. The Borough covenants to maintain the exclusion from gross income under Section 103(a) of the Internal Revenue Code of 1986, as amended, of the interest on the bond proceeds hereby re-appropriated.

Section 8. This ordinance shall take effect twenty (20) days after the first publication thereof after final passage.

ORDINANCE 2016:1433

THE FLOOD DAMAGE PREVENTION ORDINANCE

SECTION 1.0
STATUTORY AUTHORIZATION, FINDINGS OF FACT, PURPOSE AND OBJECTIVES

1.1 STATUTORY AUTHORIZATION

The Legislature of the State of New Jersey has in N.J.S.A. 40:48-1,et seq., delegated the responsibility to local governmental units to adopt regulations designed to promote public health, safety, and general welfare of its citizenry. Therefore, the Borough Council of the Borough of Haddon Heights, of Camden County, New Jersey does ordain as follows:

1.2 FINDINGS OF FACT

(1) The flood hazard areas of the Borough of Haddon Heights are subject to periodic inundation which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, extraordinary public expenditures for flood protection and relief, and impairment of the tax base, all of which adversely affect the public health, safety, and general welfare.

(2) These flood losses are caused by the cumulative effect of obstructions in areas of special flood hazard which increase flood heights and velocities, and when inadequately anchored, causes damage in other areas. Uses that are inadequately floodproofed, elevated or otherwise protected from flood damage also contribute to the flood loss.

1.3 STATEMENT OF PURPOSE

It is the purpose of this ordinance to promote the public health, safety, and general welfare, and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

(1) Protect human life and health;
(2) Minimize expenditure of public money for costly flood control projects;
(3) Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
(4) Minimize prolonged business interruptions;
(5) Minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets, bridges located in areas of special flood hazard;
(6) Help maintain a stable tax base by providing for the second use and development of areas of special flood hazard so as to minimize future flood blight areas;
(7) Ensure that potential buyers are notified that property is in an area of special flood hazard; and
(8) Ensure that those who occupy the areas of special flood hazard assume responsibility for their actions.

1.4 METHODS OF REDUCING FLOOD LOSSES

In order to accomplish its purposes, this ordinance includes methods and provisions for:

(1) Restricting or prohibiting uses which are dangerous to health, safety, and property due to water or erosion hazards, or which result in damaging increases in erosion or in flood heights or velocities;

(2) Requiring that uses vulnerable to floods including facilities which serve such uses, be protected against flood damage at the time of initial construction;
(3) Controlling the alteration of natural floodplains, stream channels, and natural protective barriers, which help accommodate or channel flood waters;
(4) Controlling filling, grading, dredging, and other development which may increase flood damage; and,
(5) Preventing or regulating the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards in other areas.

SECTION 2.0
DEFINITIONS

Unless specifically defined below, words or phrases used in this ordinance shall be interpreted so as to give them the meaning they have in common usage and to give this ordinance its most reasonable application.

AO Zone- Areas subject to inundation by 1-percent-annual-chance shallow flooding (usually sheet flow on sloping terrain) where average depths are between one and three feet.

AH Zone- Areas subject to inundation by 1-percent-annual-chance shallow flooding (usually areas of ponding) where average depths are between one and three feet. Base Flood Elevations (BFEs) derived from detailed hydraulic analyses are shown in this zone

Appeal — A request for a review of the Construction Code Official's interpretation of any provision of this ordinance or a request for a variance.

Area of Shallow Flooding — A designated AO or AH zone on a community's Digital Flood Insurance Rate Map (DFIRM) with a one percent annual or greater chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

Area of Special Flood Hazard —Land in the floodplain within a community subject to a one percent or greater chance of flooding in any given year. It is shown on the FIRM as Zone V, VE, V1-30, A, AO, A1-A30, AE, A99, or AH.

Base Flood — A flood having a one percent chance of being equaled or exceeded in any given year.

Basement — Any area of the building having its floor subgrade (below ground level) on all sides.

Breakaway Wall — A wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces without causing damage to the elevated portion of the building or supporting foundation system.

Development — Any man made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or

drilling operations, or storage of equipment or materials located within the area of special flood hazard.

Digital Flood Insurance Rate Map (DFIRM) — The official map on which the Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.

Existing Manufactured Home Park or Subdivision — A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the floodplain management regulations adopted by a community.

Flood or Flooding — A general and temporary condition of partial or complete inundation of normally dry land areas from:

(1) The overflow of inland or tidal waters and/or
(2) The unusual and rapid accumulation or runoff of surface waters from any source.

Flood Insurance Rate Map (FIRM) — The official map on which the Federal Insurance Administration has delineated both the areas of special flood hazards and the risk premium zones applicable to the community.

Flood Insurance Study (FIS) — The official report in which the Federal Insurance Administration has provided flood profiles, as well as the Flood Insurance Rate Map(s) and the water surface elevation of the base flood.

Floodplain Management Regulations — Zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a floodplain ordinance, grading ordinance and erosion control ordinance) and other applications of police power. The term describes such State or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.

Floodproofing — Any combination of structural and nonstructural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

Highest Adjacent Grade — The highest natural elevation of the ground surface prior to construction next to the proposed or existing walls of a structure.

Historic Structure — Any structure that is:

a) Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
b) Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
c) Individually listed on a State inventory of historic places in States with historic preservation programs which have been approved by the Secretary of the Interior; or

d) Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:
   (1) By an approved State program as determined by the Secretary of the Interior; or
   (2) Directly by the Secretary of the Interior in States without approved programs.

Lowest Floor — The lowest floor of the lowest enclosed area [including basement]. An unfinished or flood resistant enclosure, useable solely for the parking of vehicles, building access or storage in an area other than a basement is not considered a building's lowest floor provided that such enclosure is not built so to render the structure in violation of other applicable non-elevation design requirements of 44 CFR Section 60.3.

Manufactured Home — A structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

Manufactured Home Park or Manufactured Home Subdivision — A parcel (or contiguous parcels) of land divided into two (2) or more manufactured home lots for rent or sale.

New Construction — Structures for which the start of construction commenced on or after the effective date of a floodplain regulation adopted by a community and includes any subsequent improvements to such structures.

New Manufactured Home Park or Subdivision — A manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of the floodplain management regulations adopted by the municipality.

Recreational Vehicle — A vehicle which is [i] built on a single chassis; [ii] 400 square feet or less when measured at the longest horizontal projections; [iii] designed to be self-propelled or permanently towable by a light duty truck; and [iv] designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

Start of Construction — For other than new construction or substantial improvements under the Coastal Barrier Resources Act (P.L. No. 97-348) includes substantial improvements and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site such as the pouring of a slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation, or the placement of a manufactured home on a foundation.

Permanent construction does not include land preparation, such as clearing, grading and filling nor does it include the installation of streets and/or walkways, nor does it include excavation for a basement, footings or piers, or foundations or the erection of temporary forms, nor does it include the installation on the property of accessory buildings, such as garages or sheds not

occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

Structure — A walled and roofed building, a manufactured home, or a gas or liquid storage tank that is principally above ground.

Substantial Damage — Damage of any origin sustained by a structure whereby the cost of restoring the structure to its condition before damage would equal or exceed 50 percent of the market value of the structure before the damage occurred.

Substantial Improvement — Any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before the "start of construction" of the improvement. This term includes structures which have incurred "substantial damage", regardless of the actual repair work performed. The term does not, however, include either:

(1) Any project for improvement of a structure to correct existing violations of State or local health, sanitary or safety code specifications which have been identified by the local code enforcement officer and which are the minimum necessary to assure safe living conditions; or

(2) Any alteration of a "historic structure", provided that the alteration will not preclude the structure's continued designation as a "historic structure".

Variance — A grant of relief from the requirements of this ordinance that permits construction in a manner that would otherwise be prohibited by this ordinance.

Violation — The failure of a structure or other development to be fully compliant with this ordinance. A new or substantially improved structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in 44 CFR §60.3(b)(5), (c)(4), (c)(10), (e)(2), (e)(4), or (e)(5) is presumed to be in violation until such time as that documentation is provided.

SECTION 3.0
GENERAL PROVISIONS

3.1 LANDS TO WHICH THIS ORDINANCE APPLIES

This ordinance shall apply to all areas of special flood hazards within the jurisdiction of the Haddon Heights, Camden County, New Jersey.

3.2 BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD

The areas of special flood hazard for the Borough of Haddon Heights, Community No. 340136, are identified and defined on the following documents prepared by the Federal Emergency Management Agency:

a) A scientific and engineering report "Flood Insurance Study, Camden County, New Jersey (All Jurisdictions)" dated August 17, 2016.

b) "Flood Insurance Rate Map for Camden County, New Jersey (All Jurisdictions)" as shown on Index and panel(s) 34007C0039F, 34007C0043E, 34007C0102F, 34007C0106E panels, whose effective date is August 17, 2016.

The above documents are hereby adopted and declared to be a part of this ordinance. The Flood Insurance Study, maps and advisory documents are on file at 625 Station Avenue, Haddon Heights, NJ, 08035-1981.

3.3 PENALTIES FOR NONCOMPLIANCE

No structure or land shall hereafter be constructed, re-located to, extended, converted, or altered without full compliance with the terms of this ordinance and other applicable regulations. Violation of the provisions of this ordinance by failure to comply with any of its requirements (including violations of conditions and safeguards established in connection with conditions) shall constitute a misdemeanor. Any person who violates this ordinance or fails to comply with any of its requirements shall upon conviction thereof be fined not more than [$1,000] or imprisoned for not more than [60] days, or both, for each violation, and in addition shall pay all costs and expenses involved in the case. Nothing herein contained shall prevent the Borough of Haddon Heights, from taking such other lawful action as is necessary to prevent or remedy any violation.

3.4 ABROGATION AND GREATER RESTRICTIONS

This ordinance is not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where this ordinance and other ordinance, easement, covenant, or deed restriction conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

3.5 INTERPRETATION

In the interpretation and application of this ordinance, all provisions shall be:

(1) Considered as minimum requirements;
(2) Liberally construed in favor of the governing body; and,
(3) Deemed neither to limit nor repeal any other powers granted under State statutes.

3.6 WARNING AND DISCLAIMER OF LIABILITY

The degree of flood protection required by this ordinance is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. Larger floods can and will occur on rare occasions. Flood heights may be increased by man-made or natural causes. This ordinance does not imply that land outside the area of special flood hazards or uses permitted within such areas will be free from flooding or flood damages.

This ordinance shall not create liability on the part of the Borough of Haddon Heights, any officer or employee thereof or the Federal Insurance Administration, for any flood damages that result from reliance on this ordinance or any administrative decision lawfully made thereunder.

SECTION 4.0
ADMINISTRATION

4.1 ESTABLISHMENT OF DEVELOPMENT PERMIT

A Development Permit shall be obtained before construction or development begins, including placement of manufactured homes, within any area of special flood hazard established in section 3.2. Application for a Development Permit shall be made on forms furnished by the Construction Code Official and may include, but not be limited to; plans in duplicate drawn to scale showing the nature, location, dimensions, and elevations of the area in question; existing or proposed structures, fill, storage of materials, drainage facilities; and the location of the foregoing.

Specifically, the following information is required:

(1) Elevation in relation to mean sea level, of the lowest floor (including basement) of all structures;
(2) Elevation in relation to mean sea level to which any structure has been floodproofed.
(3) Description of the extent to which any watercourse will be altered or relocated as a result of proposed development.

4.2 DESIGNATION OF THE LOCAL ADMINISTRATOR

The Construction Code Official is hereby appointed to administer and implement this ordinance by granting or denying development permit applications in accordance with its provisions.

4.3 DUTIES AND RESPONSIBILITIES OF THE ADMINISTRATOR

Duties of the Construction Code Official shall include, but not be limited to:

4.3-1 PERMIT REVIEW

(1) Review all development permits to determine that the permit requirements of this ordinance have been satisfied.
(2) Review all development permits to determine that all necessary permits have been obtained from those Federal, State or local governmental agencies from which prior approval is required.

4.3-2 USE OF OTHER BASE FLOOD DATA

When base flood elevation data has not been provided in accordance with section 3.2, BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD, the Construction Code Official shall obtain, review, and reasonably utilize any base flood elevation data available from a Federal, State or other source, in order to administer sections 5.2-1, SPECIFIC STANDARDS, RESIDENTIAL CONSTRUCTION, and 5.2-2, SPECIFIC STANDARDS, NONRESIDENTIAL CONSTRUCTION.

4.3-3 INFORMATION TO BE OBTAINED AND MAINTAINED

(1) Obtain and record the actual elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures, and whether or not the structure contains a basement.
(2) Maintain for public inspection all records pertaining to the provisions of this ordinance.

4.3-4 ALTERATION OF WATERCOURSES

(1) Notify adjacent communities and the New Jersey Department of Environmental Protection, Dam Safety and Flood Control Section and the Land Use Regulation Program prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Insurance Administration.

(2) Require that maintenance is provided within the altered or relocated portion of said watercourse so the flood carrying capacity is not diminished.

4.3-5 SUBSTANTIAL DAMAGE REVIEW

(1) After an event resulting in building damages, assess the damage to structures due to flood and non-flood causes.
(2) Record and maintain the flood and non-flood damage of substantial damage structures and provide a letter of Substantial Damage Determination to the owner and the New Jersey Department of Environmental Protection, Dam Safety and Flood Control Section.

4.3-6 INTERPRETATION OF FIRM BOUNDARIES

Make interpretations where needed, as to the exact location of the boundaries of the areas of special flood hazards (for example, where there appears to be a conflict between a mapped boundary and actual field conditions). The person contesting the location of the boundary shall be given a reasonable opportunity to appeal the interpretation as provided in section 4.4.

4.4 VARIANCE PROCEDURE

4.4-1 APPEAL BOARD

(1) The Zoning Board of Adjustment as established by Borough of Haddon Heights shall hear and decide appeals and requests for variances from the requirements of this ordinance.
(2) The Zoning Board of Adjustment shall hear and decide appeals when it is alleged there is an error in any requirement, decision, or determination made by the Construction Code Official in the enforcement or administration of this ordinance.
(3) Those aggrieved by the decision of the Zoning Board of Adjustment, or any taxpayer, may appeal such decision to the Superior Court.
(4) In passing upon such applications, the Zoning Board of Adjustment, shall consider all technical evaluations, all relevant factors, standards specified in other sections of this ordinance, and:
   i. the danger that materials may be swept onto other lands to the injury of others;
   ii. the danger to life and property due to flooding or erosion damage;
   iii. the susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
   iv. the importance of the services provided by the proposed facility to the community;
   v. the necessity to the facility of a waterfront location, where applicable;
   vi. the availability of alternative locations for the proposed use which are not subject to flooding or erosion damage;
   vii. the compatibility of the proposed use with existing and anticipated development;
   viii. the relationship of the proposed use to the comprehensive plan and floodplain management program of that area;
   ix. the safety of access to the property in times of flood for ordinary and emergency vehicles;
   x. the expected heights, velocity, duration, rate of rise, and sediment transport of the flood waters and the effects of wave action, if applicable, expected at the site; and,
   xi. the costs of providing governmental services during and after flood conditions, including maintenance and repair of public utilities and facilities such as sewer, gas, electrical, and water systems, and streets and bridges.

(5) Upon consideration of the factors of section 4.4-1 d) and the purposes of this ordinance, the Zoning Board of Adjustment may attach such conditions to the granting of variances as it deems necessary to further the purposes of this ordinance.
(6) The Construction Code Official shall maintain the records of all appeal actions, including technical information, and report any variances to the Federal Insurance Administration upon request.

4.4-2 CONDITIONS FOR VARIANCES

(1) Generally, variances may be issued for new construction and substantial improvements to be erected on a lot of one-half acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing items i.-xi. in section 4.4-1 d) have been fully considered. As the lot size increases beyond the one-half acre, the technical justification required for issuing the variance increases.
(2) Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.
(3) Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.
(4) Variances shall only be issued upon:
   i. A showing of good and sufficient cause;
   ii. A determination that failure to grant the variance would result in exceptional hardship to the applicant; and,
   iii. A determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public as identified in section 4.4- 1 d), or conflict with existing local laws or ordinances.
(5) Any applicant to whom a variance is granted shall be given written notice that the structure will be permitted to be built with a lowest floor elevation below the base flood elevation and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

SECTION 5.0
PROVISIONS FOR FLOOD HAZARD REDUCTION

5.1 GENERAL STANDARDS

In all areas of special flood hazards, compliance with the applicable requirements of the Uniform Construction Code (N.J.A.C. 5:23) and the following standards, whichever is more restrictive, is required:

5.1-1 ANCHORING

a) All new construction to be placed or substantially improved and substantial improvements shall be anchored to prevent flotation, collapse, or lateral movement of the structure.
b) All manufactured homes to be placed or substantially improved shall be anchored to resist flotation, collapse or lateral movement. Methods of anchoring may include, but are not to be limited to, use of over-the-top or frame ties to ground anchors. This

requirement is in addition to applicable state and local anchoring requirements for resisting wind forces.

5.1-2 CONSTRUCTION MATERIALS AND METHODS

a) All new construction and substantial improvements shall be constructed with materials and utility equipment resistant to flood damage.
b) All new construction and substantial improvements shall be constructed using methods and practices that minimize flood damage.

5.1-3 UTILITIES

a) All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system;
b) New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the systems and discharge from the systems into flood waters;
c) On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding; and
d) For all new construction and substantial improvements the electrical, heating, ventilation, plumbing and air-conditioning equipment and other service facilities shall be designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

5.1-4 SUBDIVISION PROPOSALS

a) All subdivision proposals and other proposed new development shall be consistent with the need to minimize flood damage;
b) All subdivision proposals and other proposed new development shall have public utilities and facilities such as sewer, gas, electrical, and water systems located and constructed to minimize flood damage;
c) All subdivision proposals and other proposed new development shall have adequate drainage provided to reduce exposure to flood damage; and,
d) Base flood elevation data shall be provided for subdivision proposals and other proposed new development which contain at least fifty (50) lots or five (5) acres (whichever is less).

5.1-5 ENCLOSURE OPENINGS

All new construction and substantial improvements having fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two (2) openings in at least two exterior walls of each enclosed area, having a total net area of not less than one (1) square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one (1) foot above grade. Openings may be equipped with screens, louvers, or other covering or devices provided that they permit the automatic entry and exit of floodwaters.

5.1-6 MANUFACTURED HOMES

(1) Manufactured homes shall be anchored in accordance with section 5.1-1 b).

(2) All manufactured homes to be placed or substantially improved within an area of special flood hazard shall:

i. Be consistent with the need to minimize flood damage,

ii. Be constructed to minimize flood damage,

iii. Have adequate drainage provided to reduce exposure to flood damage; and,

SECTION 6.0
SEVERABILITY

If any section, subsection, paragraph, sentence, clause, or phrase of this Ordinance shall be declared invalid for any reason whatsoever, such a decision shall not affect the remaining portions of the Ordinance, which shall remain in full force and effect, and for this purpose the provisions of this Ordinance are hereby declared to be severable.

SECTION 7.0
ENACTMENT

7.01 ADOPTION

This Ordinance shall be effective on _____ of _____, 2016 and shall remain in force until modified, amended or rescinded by the Borough of Haddon Heights, Camden County, New Jersey.

ENACTED AND ADOPTED by the Council of the Borough of Haddon Heights this 8th day of June, 2016.

APPROVED, this _____ day of _____, 2016, by the Mayor of the Borough of Haddon Heights

_____
Mayor Jack D. Merryfield

ATTEST: this _____ day of _____, 2016, by the Clerk of the Borough of Haddon Heights

_____
Kelly Santosusso, RMC, Borough Clerk

Introduced: JUNE 8, 2016

Public Hearing: _____

Final Adoption: _____

RESOLUTION 2016:148

RESOLUTION APPOINTING A MEMBER TO THE HADDON HEIGHTS MUNICIPAL ALLIANCE

WHEREAS, Jennifer Iommie was appointed to the Haddon Heights Municipal Alliance for a one (1) year term in January of 2016; and

WHEREAS, Jennifer Iommie has resigned from the Haddon Heights Municipal Alliance; and

NOW THEREFORE BE IT RESOLVED, Christopher Linaris is hereby appointed to the one (1) year unexpired term effective immediately and shall expire December 31, 2016.

Date: June 21, 2016

RESOLUTION 2016:149

RESOLUTION AUTHORIZING REFUND OF TAX OVERPAYMENTS

WHEREAS, on April 15, 2016 the Haddon Heights Tax Assessor's office approved a tax exemption application effective April 22, 2016 for Block 87 Lot 2.03, also known as 1208 S. Park Avenue and owned by Daniel Kost; and

WHEREAS, the Department of Veteran's Affairs has certified that Daniel Kost is a 100% totally disabled veteran; and

WHEREAS, due to the approved exemption, the 2016 2nd Quarter taxes are cancelled in the prorated amount of $2,411.03; and

WHEREAS, because there was an overpayment of $2,411.03 for the second quarter of 2016 by Clear to Close Title, a refund of $2,411.03 should be issued to Mr. Kost.

NOW, THEREFORE BE IT RESOLVED by the Governing Body of the Borough of Haddon Heights in the County of Camden, State of New Jersey approves that a refund in the amount of $2,411.03 be issued to Daniel Kost, 1208 S. Park Avenue, Haddon Heights, NJ 08035.
