CAUCUS SESSION:

Council President Lange asked Councilmembers if they had any questions or comments regarding this evening's Agenda.

Councilman DiRenzo asked why there were so many bills in the bill list for the 4th of July Parade. He said that it is state law not to pay for services that have not been rendered. Councilwoman Griffith said that the checks would not be mailed out until the day following the Parade and that they are only on the Agenda for approval this evening. Councilman DiRenzo wanted to be sure the checks were not going to be distributed at the Parade.

Proposal to Contract with AOS to Replace Borough Copiers – *Councilman Ceroli*

Councilman Ceroli said that he reviewed the Borough's contracts with Konica Minolta and determined that the Borough could realize a savings of approximately $2,000 per year by contracting with AOS for Borough copiers. He added that an additional benefit would be that AOS would buy the Borough out of the existing contract that in which we paid $7,700 last year on lease payments and toner. He said that labor, parts, supplies and service would be included. Discussion ensued regarding one of the machines that we received from Konica Minolta having several problems. Councilman DiRenzo asked if AOS was on state contract. DiRenzo said that he thought we needed to be 10% below state contract to utilize the company. DiRenzo asked the frequency of their service. Ceroli said that we are looking at spending close to $8,000 this year. He also mentioned that there is a service agreement on the older machine that is down at the Service Operations Facility that is not included in the figure. He said that the machines are made by Kyocera. Council President asked if Borough Hall could have a test run of the equipment prior to executing a lease agreement. Councilman DiRenzo suggested that we get references from other offices with these machines prior signing anything. Olizi suggested that we review state contract to see if AOS is there. Dear Steve;

I would like to take this opportunity to thank you and your associates for the architectural drawings you provided to the Haddon Heights Fire Department. We are in the process of renovating the smaller apparatus bay to use as our watch desk and turn-out-gear room. We have been using a ladder to access our storage loft in this area and part of the renovation is to provide a staircase to this loft.

You graciously prepared drawings for the Fire Department over and above your regular obligations to the Borough. You supplied us with the diagrams at no cost to the fire department or the borough. These will enable us to build the stairway to access our storage area more safely and easily.

Again, thank you for your skillful expertise, and for donating it to the HHFD.

Sincerely yours,

Nicholas A. Scardino
Chief, H.H.F.D.

We have tabulated the four (4) bids received on June 29, 2016, with reference to the above referenced project.

The apparent low bidder is Ronald Janney Electrical Contractor, PO Box 173, Estell Manor, New Jersey 08319, in the amount of $358,500 representing items 1 and 2 of the Base Bid and item 101 of the Add Alternate Bid #1. Enclosed for your reference is the Bid Tabulation and memorandum regarding the bid results. We have reviewed all the bid documentation and find it to be in order.

By copy of this letter we are forwarding the bid tabulation and a copy of the apparent low bidder's bid documents to the Borough Solicitor and returning all original bid documents to the Borough Clerk.

As you may recall, the Borough passed Bond Ordinance 2016:1430 authorizing the issuance of $380,000 towards installation of lights for this project. Therefore, in accordance with the Local Public Contracts Law, NJSA 40A:11-1 et. seq., the contract should be awarded to the lowest responsible bidder, which appears to be Ronald Janney Electric Contractor, Inc. The award should be contingent upon favorable review by the Borough Solicitor and certification of availability of funds by the Borough CFO.
