C.34:11-56.48, P.L. 1999, Ch 238 requires that contractors and subcontractors, be registered with the New Jersey Department of Labor, Division of Wage and Hour Compliance. The definition in the law is as follows:

“Contractor means a person, partnership, association, joint stock company, trust, corporation, or other legal business entity or successor thereof who enters into a contract which is subject to the provisions of the “New Jersey Prevailing Wage Act, P.L. 1963, c.150 (C.34:11-56.25 et seq)” and includes any subcontractor or lower tier subcontractor of a contractor as defined herein.”

Please indicate below, for the bidder and all subcontractors listed on the “Subcontractor Declaration” herein, as to their registration with the NJ Department of Labor, Division of Wage and Hour Compliance in accordance with P.L. 1999, Ch 238.

A contractor’s certification can be confirmed by contacting the Department of Labor’s [Division of Wage and Hour Compliance website \(www.nj.gov/labor/lssc/lspubcon.html\)](http://www.nj.gov/labor/lssc/lspubcon.html). This site only shows approved contractors; there is no “pending” approval or a “grace” period. If a contracting unit encounters a problem in its review of certifications, or difficulty in making an award because of a non-registered contractor, they should contact the Contractor Registration Unit as soon as possible.

N.J.S.A. 34:11-56.56 provides several methods for the Department of Labor to enforce the law. The Department can deny renewal, revoke or suspend the registration of a contractor for a period of not more than five years, or, as a condition of initial or continued registration, require a surety bond payable to the State of New Jersey.

Copies of the Public Works Contractor Registration shall be submitted and attached to this form.

SUBCONTRACTOR DECLARATION**
Project Name: **TEMPORARY LABOR SERVICES**

Each bidder shall set forth in the bid the names, addresses and license number (when required) of each subcontractor for the furnishing of plumbing and gas fitting, and all kindred work, and of the steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work, if any, for the construction, alteration or repair of any public buildings.

A general contractor that intends to utilize a specific subcontractor to perform work in one or more of the specialty trade categories shall provide the required information with regard to that subcontractor in the appropriate space for each specialty trade category applicable to the contract.

All bidders seeking to perform plumbing work on a publicly bid contract are required to comply with N.J.S.A. 45:14C-2 and N.J.A.C. 13:32-1.3. These provisions require that plumbing work on such contract may only be performed by an entity in which a licensed master plumber owns not less than 10% of the issued and outstanding shares of stock in the corporation, or not less than 10% of the capital of the partnership, or not less than 10% of the ownership of any other firm or legal entity. Accordingly, if a bidder intends to perform plumbing work on a publicly bid contract with its own employees or by the bidder himself, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-2 and N.J.A.C. 13:32-1.3 in the entity submitting the bid. Alternately, if a bidder intends to perform such work through a subcontractor, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-2 and N.J.A.C. 13:32-1.3 in the subcontractor.

There shall be submitted proof that each subcontractor is qualified in accordance with the rules and regulations of the State of New Jersey when such rules and regulations exist.

A general contractor that intends to perform work in one or more of the specialty trade categories through the use of its own employees or the general contractor himself rather than through the utilization of a subcontractor shall write the work “**IN-HOUSE**” next to each applicable category and then insert the name, and license number where required, of each such employee of the general contractor or the general contractor himself in the appropriate spaces for each specialty trade category applicable to the contract.

If the contract does not involve any of the specialty trade categories below, please insert the word “**NONE**” in each appropriate space provided.

REQUEST FOR PREVAILING WAGE DETERMINATION

N.J.S.A. 34:11-56.25 et seq

Project Name: **TEMPORARY LABOR SERVICES**

Page 1

The Public Works Contractor Registration Act (PWCRA) requires that all contractors, including named subcontractors, to register with the Department of Labor prior to submitting price proposals or engaging on certain public works contracts that exceed the prevailing wage threshold.

Because the PWCRA uses the definition of public works contracts under the prevailing wage law, where the law uses the term “bidding”, contracting units are advised to read that as meaning to “submit” a price proposal.” Thus, the law applies to the formal bidding process where the contract is awarded to the lowest responsible bidder, and the receipt of informal quotations awarded to the vendor whose proposal is the “most advantageous, price and other factors considered.”

The PWCRA defines “public works projects” as contracts for "public work" as defined in the Prevailing Wage Act [N.J.S.A. 34:11-56.26(5)]. The term means:

- “Construction, reconstruction, demolition, alteration, or repair work, or maintenance work, including painting and decorating, done under contract and paid for in whole or in part out of the funds of a public body, except work performed under a rehabilitation program.
- "Public work" shall also mean construction, reconstruction, demolition, alteration, or repair work, done on any property or premises, whether or not the work is paid for from public funds,...
- “Maintenance work" means the repair of existing facilities when the size, type or extent of such facilities is not thereby changed or increased. While “maintenance” includes painting and decorating and is covered under the law, it does not include work such as routine landscape maintenance or janitorial services.

In order to provide guidance to contracting officials on implementing the law, nine key principles have been identified in the law. The nine items follow:

1. The law applies to all “public works contracts” that exceed the contracting unit’s prevailing wage threshold, as set by N.J.S.A. 34:11-56.26 (a) and (b).
2. The law applies to contracts for which public bidding is required, as well as those for which quotations are received.
3. All named contractors in a bid proposal (including out-of-state contractors) must be registered with the Department of Labor’s Division of Wage and Hour Compliance at the time proposals **are received** by the public entity.

For clarity, Local Finance Notice 2004-9 dated 4/28/04 uses the following term: “Received,” in context of when “proposals are received,” means the deadline or moment in time when proposals are formally opened and no other proposals are accepted.

4. The law requires contractors to submit certificates after a bid proposal is received and prior to awarding the contract. (N.J.S.A. 34:11-56.55)
5. After bid proposals are received, and prior to contract award, the contractor most likely to receive the contract award must submit to the public entity copies of certifications of all listed sub-contractors.
6. The contracting agent must review the certificates to be sure they were in effect at the time the bid proposals were received.
7. Non-listed subcontractors do not have to be registered until they physically start the public work assigned to them.
8. Bid proposal documents need to inform those submitting proposals of these requirements.
9. Emergency work is covered under the provisions of the Prevailing Wage Act and the PWCRA.

**DISCLOSURE OF CONTRIBUTIONS TO NEW JERSEY
ELECTION LAW ENFORCEMENT COMMISSION (ELEC)**

Project Name: **TEMPORARY LABOR SERVICES**

N.J.S.A. 19:44A-20.27 establishes a new disclosure requirement for business entities. It requires that, when a business entity has received in any calendar year \$50,000 or more in public contracts with public entities, it must file an annual report with the Election Law Enforcement Commission (ELEC). The report shall disclose any contribution of money or any other thing of value, including an in-kind contribution, or pledge to make a contribution of any kind:

- To a candidate for or the holder of any public office having ultimate responsibility for the awarding of public contracts, or,
- To a political party committee, legislative leadership committee, political committee or continuing political committee.

The report will include all reportable contributions made by the business entity during the 12 months prior to the reporting deadline. ELEC will be promulgating a form and procedures for filing commencing in January 2007. ELEC can also impose fines for failure to comply with this requirement.

While the local unit has no role in this process, it is recommended that all bid or proposal specifications and contracts should include language notifying business entities of their potential obligation under the law. Such language could read as follows:

Starting in January 2007, all business entities are advised of their responsibility to file an annual disclosure statement of political contributions with the New Jersey Election Law Enforcement Commission (ELEC) pursuant to N.J.S.A. 19:44A-20.27 if they receive contracts in excess of \$50,000 from public entities in a calendar year. Business entities are responsible for determining if filing is necessary.

Additional information on this requirement is available from ELEC at 888-313-3532 or at www.elec.state.nj.us.
