Revolutionary War Haddon Heights

Join us for a Walking Tour Saturday, April 23rd

The Heights Heritage League will hold a brisk two-mile WALKING TOUR of Revolutionary War Haddon Heights on Saturday, April 23 at 4:00 p.m. beginning at the Cannons. Rose Fitzgerald will conduct the tour past the four pre-Revolutionary War houses and the archeological site of the Glover Mill. First stop is the Hinchman House, the oldest continuously occupied house in Camden County, shown on Thomas Sharp's map of 1710. Three other houses remain from the early days of Haddon Heights - the Colonel Joseph Ellis House on Sycamore, the John D. Glover House on Sylvan and the Chalkley Glover House on New Jersey Avenue. The Col. Ellis House appears on a map painted on the wall of the Constitution Center in Philadelphia, noted Mrs. Fitzgerald, a copy

of a 1787 map of the area.

The remains of the Glover Fulling Mill will be pointed out. The fulling mill was the first industry in the area - used to wash, process, dye and stretch fabric that had been woven by local women. Betsy Ross, of nearby Gloucester, was a customer of the mill and, reportedly, the fabric for the first flag was fullled there. The mill and the houses are listed on the State and National Register of Historic Places.

The walk is free and should take about 90 minutes, rain or shine. All are welcome to attend. People interested in driving to the four houses are also welcome. Call 547-3950 with questions. A brochure describing the history of these houses is available at the Haddon Heights Library.

MAYOR'S MESSAGE:

Dear Neighbors:

After a warmer than normal winter, it's good to see that spring is here. We didn't escape winter entirely, as the storm that dumped nearly two feet of snow on us certainly required a lot of work to clean it up. I want to thank our Public Works Department, under the leadership of Director Susan Griffith and Superintendent John Ellis, for getting the streets cleared so quickly and well. Our Police, public safety employees and volunteers also did a great job keeping everyone safe during the storm. Please report any potholes that you experience to our Department of Public Works at so they can be repaired.

Spring also brings many developments in our recreation programs, under the tireless coordination of Council President Kathy Lange who also serves as Director of Parks and Recreation. Summer Rec registration is underway; please see the Borough website or contact Borough Hall at 547-7164, ext. 36 for information on how to have your child be a part of this terrific program. Spaces are limited and are going quickly, so be sure to act soon

to ensure a fun filled week(s) for your child. I would like to thank everyone who have made this Program such a great success.

We're also excited for Opening Day of the HHYA Baseball and Softball season, always an event that our town looks forward to. Our recent field improvements continue to improve the experience for all who use the Barr Baseball Complex. Our countless volunteers run a top-notch program. Our Girls Field Hockey program is accepting registration for its Summer Camp and Fall Clinics as well; you can get more information about that program at www.heightsfieldhockey.org. Our own Councilwoman Jackie Valvardi and her dedicated team of volunteers have been instrumental in this program since its inception. The Program provides terrific recreational opportunities all year round for girls in grades 1 thru 8.

The Governing Body is hard at work on the 2016 municipal budget, which is always a difficult process. Rest assured that we will do everything we

possibly can to stretch every dollar. Preliminarily, we are looking at a minimal increase in property taxes this year. This budget will take good care of our town's assets and will ensure the delivery of expected and necessary services. We understand that it is our responsibility that the town is in sound fiscal condition.

We continue to work closely with the Soccer Club to address the lighting situation at McCullough Field at Devon Avenue; we are hopeful that we'll soon be able to announce a solution that addresses the need to light the fields while also being financially responsible.

As I have said many times, our town cannot operate without the services of our many volunteers. I would like to thank everyone who volunteers on a board, committee, commission, or otherwise for this town. Our Neighbors Night Out Committee is hard at work on several potential improvements to the town; all funded by the top notch events they put on. For example, they are planning to refurbish the damaged fountain by the train station and are

working to install new "Welcome to Haddon Heights" signs on Kings Highway. Please try to attend the upcoming Margaritas and Mayhem event, scheduled for May 6th at 6 p.m. at the Community Center. I hear that there is going to be a talent show involved as well – so get your acts together! Feel free to contact the Committee at haddonheightsneighborsnightout@gmail.com with any questions.

As we enjoy the nice weather and later sunset, our kids will be on the streets in the evening, so please drive carefully. If there is anything we in your government can be doing for you, please do not hesitate to contact us.

Mayor Jack D. Merryfield

We are always looking for class ideas and instructors for the summer session and for future sessions. Certified Babysitting Training

 Haddon Heights Programs is excited to team up with the American Red Cross to offer Babysitter's Training. This year's class will be held on Sunday, May 15th from 9am-4:30pm. This will be a one-time class that culminates with a babysitting certification that will never expire. The class offers hands-on training and a fun way to learn from experts about how to take care of babies, toddlers and kids up to age 10. You will learn lifesaving first aid skills, from keeping everyone safe to knowing what to do in an emergency. Along with this you will be shown tips on making playtime fun for you and the kids. You will also learn how to set up your own babysitting "business" like a pro: from job interviews to managing your business. In a few hours, the experts will teach you and your friends the tricks of the trade, reveal their "sitter survival" secrets, and share tips about getting a job where you live. This fast-paced class is even more fun if you bring a friend!

BORO BITS

Haddon Heights Police Department

Emergency Notification System Change

Haddon Heights Police wanted to make you aware that the Borough and Camden County have a new emergency communications system.

When a crisis affects the Borough of Haddon Heights, County, Municipal and Emergency Management Officials must be able to reach residents instantly with warnings, information, and updates. In order to ensure that residents can be contacted quickly and effectively, the Borough and County have begun using Swiftreach Networks, Inc. as the Emergency Notification service provider.

Swift911™ in its simplest form is a system that makes phone calls to specific people or areas in the event of an emergency or for sharing important information. All the calls you receive will have the Caller ID of 'Borough of Haddon Heights' or 'Haddon Heights Police Department' or Camden

County Communications.

Whether residents need to be informed of a water main break, approaching storm, State emergencies, or other crisis, the emergency notification system is the most efficient way to reach residents with the news. Residents will benefit from increased safety levels and peace of mind, while community leaders see improved response planning, increased efficiency and proficiency.

Please visit this link to sign up and receive notifications: <http://portalv4.swiftreach.com/portal.aspx?c=202253> or Click on the icon located on the bottom left of the Boroughs homepage at www.haddonhts.com.

Typically, when you receive a notification it will be from Haddon Heights Police, 856-547-0614 or from Camden County Central, 856-831-4640.

2016 Pet Licensing

Renewal forms for the cat and dog licenses have been mailed and are now due. The cost for a spayed/neutered cat or dog is still just \$9.00. The cost for a non-spayed/non-neutered cat or dog is \$12.00. To avoid the \$10.00 late fee, license must be issued on or before JUNE 30, 2016.

Please note that in order to obtain a license & tag you must provide the Borough with current vaccination information from your veterinarian. Also for the borough to be able to issue the license you pet's rabies vaccination **must not expire before November 1st, 2016**. This is a state regulation, if you have questions about the regulation you can find more information about it on the State of NJ's website.

If your pet(s) are in need of getting an updated rabies vaccine, we are again offering a free rabies clinic at the end of April (see information below). If you have questions about the timing of your pets rabies vacation, we recommend calling your vet.

You can see this information and more on the borough's website. You can also find a link to print a new renewal form on the website, if you are in need of a new form.

FREE Rabies Clinic

The Borough of Haddon Heights Local Board of Health and Camden County Board of Health are once again offering a free rabies clinic to be held in the Spring on **Saturday April 30th, 8:30am – 9:30am**. The clinic will be held at the Haddon Heights Fire Department located behind the library at 608 Station Avenue, Haddon Heights.

If your pet is in need of updating their vaccination, you can attend at no cost. Both residents and non-residents are welcome. Residents will also be issued their 2016 pet license(s) at the event.

Driving and Parking Near Ballfields

The Haddon Heights Police Department would like to remind residents that spring sports practices will be starting. Therefore after the winter lull you will now notice increased pedestrian, motor vehicle and bicyclist activity near sports fields. Please make a point of slowing down as you drive through these areas. Additionally, we ask that you abide by all No Parking regulations. These regulations were passed to reduce bottleneck situations and to open up sight lines so motorists can see pedestrians, including children.

Our Department will strictly enforce speeding and No Parking violations in these areas.

Zoning Department

With the arrival of warmer weather, many homeowners will be starting outdoor projects. Borough Code requires zoning approval for, but not limited to, the following projects: Decks, fences, garages, patios, walkways, sidewalks, dormers, and additions. Please be aware that even though you may be doing an exact replacement, zoning is still required.

In addition, if you are located within an historic and / or business district, zoning is required for signs, windows, siding, and roofs. If you are contemplating a project and are unsure of what is required, please call the Service Operations Center 856-546-2580 and ask to speak to the zoning officer Ron Newell.

FIRE DEPARTMENT

Help support your local fire department! May is fund drive month for the Haddon Heights Fire Department. Since the beginning of 2013 the volunteers of the HHFD have responded to almost 1800 calls for service 24 hours a day ,7 days a week, rain or shine. It wouldn't be possible without the support of the residents of Haddon Heights, and we thank you for that continued. The

donations ensure that we provide the excellent service that you have come to expect, and we expect from ourselves. As a reminder, the HHFD provides envelopes to mail donations in to the firehouse. We do not solicit donations in person, over the phone, or any other electronic form of communication. If this happens it is a scam, and you should contact the police as soon as possible.

Change your clock, your batteries! Daylight savings time recently passed, and it is a perfect time to check and replace the batteries in your smoke and carbon monoxide detectors.

As always we are available around the clock for the emergency needs of our residents, and for the latest on safety updates, and happenings around firehouse find us on facebook.

Haddon Heights Good Neighbors

Finally, the warmth of April and spring has arrived bringing a breath of fresh air. We love the blossoms on our trees and flowers in our garden. We love the longer, warmer days to take daily walks around our fabulous town.

What we may not be aware of, however, is what might be happening within the homes of some of our neighbors. Instead of taking the time to enjoy the beauty of our neighborhood or taking long walks to appreciate this beauty, some of our neighbors are still burdened from the effects of the long winter. The cold winter may have put a strain on their utility bills. Or, possibly, they got one of those long viruses and the cost of medicines prevented them from making this month's rent. Fortunately, the Haddon Heights Good Neighbors (HHGN) organization is able to brighten up their days and put a new "spring" in their step.

HHGN was formed in 1979 to provide short-term financial assistance of a material nature to residents in need. As an organization of the people, by the people, and for the people

of Haddon Heights, we pride ourselves on helping members of our town when they are struggling. After all, shouldn't a sense of community come with a sense of responsibility?

One way of helping HHGN to accomplish its goal is to join the organization which typically meets the 1st Wednesday of January, May, September, and November.

These meetings are held in Borough Hall at 7:00 PM. New members are always welcome.

Another way is to make a donation to the organization which will be used to help residents in our community. Whether it goes toward rent, utilities, groceries, or home repairs, we investigate every request and independently determine its worthiness. Our hands-on approach ensures that money goes to where it is needed the most.

What's the recipe for success? Take what you love doing, add the right mix of hometown flavor and friendly people and blend. That's what we found in Haddon Heights.

When Chef Fred Kellermann moved back to New Jersey with his family, he needed to find a place to open a restaurant with the kind of food he always wanted to do. Having spent time in the city working at places like the White Dog Cafe, running the kitchen at Crazy Kat's in Delaware and spending time away in West Virginia apprenticing at the world famous Greenbriar resort, Chef Kellermann was looking for a place to call home.

Haddon Heights proved to be the right place for his vision.

Unsure of whether people would accept his concept for this restaurant, Chef Kellermann wanted a small town feel close enough to the city that would pull people from all over. At the time, tapas style eating was not well known and the chef wanted to be able to experiment with different flavor profiles and styles and serve them up in a comfortable setting. As luck would have it the perfect spot was available on Station Avenue. Hometown charm, friendly people, and a supportive business association have proven to be a winning combination. Since that time thirteen years ago, Chef Fred has been serving up tasty dishes and has felt good doing it in the place he likes to call home.

THANK YOU FOR YOUR DEDICATION TO OUR TOWN!

New Jersey Tree Recovery Campaign Provides Free Tree Seedlings to Residents

Free tree seedlings will be distributed to residents by the Haddon Heights Environmental Commission on Saturday, April 23 as part of the New Jersey Tree Recovery Campaign. This program continues last year's highly successful seedling distribution and helps communities replace trees damaged or destroyed by Superstorm Sandy.

From 10am to 3pm on April 23, residents will be able to pick up tree seedlings at the Haddon Heights Municipal Building, 625 Station Avenue. Seedlings, available on a first come, first served basis, also come with instructions on how to store, care for, and plant them. The guides help residents choose the right place on a property to plant a tree while keeping in mind the tree's full-grown size in the future. Residents should plant the seedlings within two days after pick-up in order to prevent the roots from drying out. By April 1, a pre-registration form is planned to be available at the Borough office and the Library, as well as their websites.

This is a joint effort between Haddon Heights Environmental Commission, New Jersey State Forest Service, New Jersey Soil Conservation Districts, Sustainable Jersey, Arbor Day Foundation, Brothers International, BJ's Wholesale Club, Wyndham Vacation Resorts, and FedEx.

When properly planted and maintained, trees can be assets to a community. They improve the visual appeal of a neighborhood or business district, increase property values, reduce home cooling costs, remove air pollutants, and provide wildlife habitat, among many other benefits.

For a list of all distribution locations across the state, visit www.forestry.nj.gov or www.facebook.com/newjerseyforests. If you have any questions, please contact Marshall Hatfield at 609.502.2653 or mhatfield01@comcast.net

Village Playbox

This May the Village Playbox of Haddon Heights will present the musical *Once on This Island*. Directed by Shaun Holland (music), Anita Rowland, and Jan Johnston, the production features a talented, multi-generational cast, including Julianna Banfe (TiMoune), Alex Velazquez (Daniel), Joe Fillari (Papa Ge), Steven Ginn (Agwe), Desiree Colangelo (Asaka), Jessica Counts (Erzulie), Jenni Maienza (Mama Euralie), Jay Burton (Tonton), Church Maienza, Oscar Antunez, Blaine Bryan, Annatasha Kong, Kristin Bryan, and Jenn Evans (Storytellers), Catie Reilly (Little TiMoune), and Riley Bygott (Young Girl).

With book and lyrics by Lynn Aherns and music by Stephen Flaherty, the story is based on Rosa Guy's novel *My Love, My Love*, which in turn was inspired by *The Little Mermaid*. The musical is set on an island in the French Antilles on the night of a violent tropical storm. To calm a frightened child, the villagers perform a folk tale of two star-crossed lovers. Inherent in the simple story, though, are serious themes of class distinction and prejudice. Through music, song, and dance, the musical addresses universal themes which affect us all—love, anger, forgiveness, faith, maturity, and death. *Once on This Island* explores the tradition of storytelling, not only as entertainment, but as a means of passing down history, values, and insight from one generation to the next.

Haddon Heights School District

Congratulations Mr. Ortiz and Haddon Heights Jr./Sr. High School Haddon Heights Jr./Sr. High School was selected as a pilot school for Google's Expedition Pioneer Program. Google visited the school on February 23, 2016, and worked with 14 classes to showcase their cardboard virtual reality concept. This program transforms a cell phone into a pair of 3D Virtual Reality goggles. By using this technology, students were able to view places around the world in panoramic 3D, immersing the students as if they were really there. The technology allowed students to experience lessons in a way they never could before by feeling like they were actually at the places they were studying.

Thank you to Mr. Neil Ortiz, a Jr./Sr. High School World Language teacher, for reaching out to Google so the students were able to experience Google's Expedition Pioneer Program. Pictured below are some of the High School students using the 3D Virtual Reality goggles.

Haddon Heights Elementary Parent Teach Group (PTG)

The Haddon Heights Elementary Parent Teacher Group (HH PTG) had a busy winter! In March, our second annual Designer Bag Bingo was a great success. With well over 200 attendees present, we were able to provide an enjoyable evening out with ten rounds of bingo, numerous basket raffles, and a 50/50. In total our final profits exceeded \$6000 which will go back in full to provide technology support, teacher grants, enrichment opportunities, and assembly programs for our three elementary schools. Thank you to all who made donations, volunteered, and attended.

Also in March, the Annual Science Fair experienced the biggest participation and attendance in many years! With over 70 exhibits and the Franklin Institute Traveling Science Show, the 2016 Science Fair was truly both a fun and educational event. We are looking for a new Chair for this event in 2017. Please email

hhptg@hhsd.k12.nj.us if interested.

Last but not least, in February, the HH PTG raised over \$3,000 for school programs at the Annual Valentine's Day Family Dance Party. This year's "Sock Rock" theme also helped to bring awareness to the organization Socks4Me which helps to provide new socks to people in need. The kids had a great time rocking in their socks and helped to support 2 good causes at the same time!

Looking to the near future, we encourage all residents to check out the Annual Student Art Show Honoring Students from Atlantic, Glenview and Seventh Ave. Elementary Schools on May 18, 2016 from 6:00-8:00pm at Atlantic Elementary School. The art show will showcase student artwork, music, food, art workshops, and a Photo Booth. Admission is free!

Trash & Recycling Guidelines

In Haddon Heights, we pride ourselves on keeping the neighborhoods beautiful. Please help our community stay clean on trash collection day, recycling day and throughout the week. Recycling became mandatory for all of New Jersey in April of 1987 under the Mandatory Source Separation and Recycling Act, N.J.S.A. 13:1ET-1 et seq. In 1987, the state goal was to separate 25% of recyclable materials from the solid waste stream, but recently changed the goal to 60%. In Camden County has been able to achieve this goal by the Camden County Solid waste Plan Amendment 70-8-93, which set the requirements for items to be recycled.

On January 1, 2011 the "ELECTRONIC WASTE MANAGEMENT ACT" took effect. With passage of this new law, residents are now required to recycle televisions, laptop & personal computers, and computer monitors known as e-waste. Electronic devices covered under this law are to be disposed of at an approved electronic recycling facility. This is crucial because recycling your electronic devices keeps dangerous materials such as lead, mercury, cadmium, and chromium from being released into the environment. Your Governing Body decided to take a proactive approach by offering an efficient collection site to recycle your e-waste. Beginning August 1, 2013 you can now drop off your e-waste Monday thru Friday from 7 a.m. to 3 p.m. at the Haddon Heights Department of Public Works at 514 West Atlantic Ave.

Trash and recycling materials should be placed on the curb between 4 p.m. the night before collection and 6 a.m. on collection day. Please respect your neighbors by removing empty containers that day. If you are on vacation, have a neighbor place and remove containers at the appropriate times so your house looks occupied.

Please follow these guidelines on collection day:

Trash:

- Collected every Monday except Holidays (see list below)
- Empty trash cans need to be removed from the curb on collection day.
- Carpet should be cut and tied into 4-foot bundles not exceeding 60 pounds.
- Discarded wood should be cut & tied into 4-foot bundles not exceeding 60 pounds. Nails should be removed or flattened against the surface to prevent injury to our staff.
- Private contractors must independently dispose of any construction waste or demolition debris that their business generates.
- Trash should be placed in plastic or metal containers

to prevent animals from tearing through plastic bags.

Brush:

- Collected every week (east or west side of town) January to October
- All brush should be cut in 4 foot lengths.
- Place curb side in open containers or tied in bundles weighing less than 60 pounds. Leaves, grass or brush may not be placed in the street.

Grass:

- Collected every Monday April to October
- Place curb side in open containers less than 60 pounds. Leaves, grass or brush may not be placed in the street.

Leaves:

- Collected Nov. & Dec.

• Leaves should be placed on the curb and not in the street

Single Stream Recycling:

- Aluminum & metal cans,
- #1, #2, #4, #5, #7 plastic food & beverage containers
- Glass bottles & jars
- Newspapers, magazines, brochures & inserts (no plastic bag)
- Phone books
- Corrugated cardboard & paper bags (flatten)
- Greeting cards, regular & junk mail
- Cartons (milk, juice etc.)
- Paperboard boxes (cereal, pasta & tissue)
- Cardboard beverage carriers
- File folders & office paper
- Paper towel rolls
- Paperback books

Electronic Recycling:

As of January 2011 the state of New Jersey does not allow electronics such as televisions, computer monitors, laptop computers, & personal computers into the waste stream. To dispose of these items Camden County has recycle days for electronic waste. For more information about times & locations please call Public Works at 856-546-2580

Summer Rec Program 2016

Outdoor Games + Crafts + Sports = Summer Rec Fun!

Get those youngsters up and out first thing in the morning – Entertain your visiting grandchildren – Have a second cup of coffee or get out of the house alone. Our Summer Rec Program is the perfect way for your child to develop confidence, make friends and try new things.

Our schedule is Tuesday, Wednesday and Thursday mornings from 8:30 to 11:30 am- perfect to mix and match with other activities. We run for 5 weeks; you can select the weeks that match best with your family schedule. Last year we sold out so consider registering early to get your prime time.

Summer Rec is a great combination of “old school” fun and new skills. Activities are designed for youth entering Kindergarten in 2016 through Grade 6 “twens” and have enough variety that each week brings something different. We operate rain or shine using the air conditioned Cabin at Hoff’s Playground and the Community Center off Seventh Avenue.

Summer Rec Director Stacey Boegly Denning and Assistant Kenny Hamburger bring a terrific combination of teaching and personal experience in sports, phys ed, art and crafts along with their extensive experience in dealing with young people. Our Counselors are trained and supervised, plus we enjoy the help of summer rec veterans Barbara Hoff Robinson, Wilma Hickman and Barbara Clay; all of our adults have had a Criminal Background Check.

Our rotating schedule includes snack time and indoor craft sessions plus free choice options. A different sport is featured each week. For your peace of mind we use school like check-in and checkout procedures and every activity is well staffed. Our outdoor activities are in close proximity to the cabin and the staff uses walkie-talkies to stay in touch. Please see the Registration Form for exact dates, times and fees.

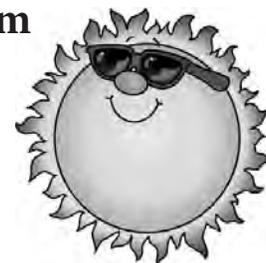

The first family who pays in full for at least one week by May 1st will receive a mini nerf basketball. A full information packet plus contact / medical information forms will be mailed out to registrants in May. You will also be able to find information about the program on the borough website under the programs page. If you have any questions you can contact Kathy Lange, Director of Parks and Rec, (856) 546-4852 or klange@haddonhts.com.

Be a friend of Summer Rec

Can you help us keep the costs down for Summer Rec and also promote recycling? We will gratefully accept your donations at the Town Hall Office in our “Green” Summer Rec bin.

Haddon Heights Baptist Church

Equipped to Serve

Haddon Heights Baptist Church announces that in 2016, "Equipped to Serve" will be the church's yearlong emphasis across its various ministries. Based on Ephesians 4:12, "for the equipping of the saints for the work of ministry, for the edifying of the body of Christ," the goal is to train the fellowship in four areas: 1) care for others, 2) application of Scriptures, 3) prayer for ministries, authorities and the hurting, and 4) sharing the Gospel of Jesus Christ.

As part of the "Equipped to Serve" theme, the church offered, on March 12 and 13, a two day training module entitled "Biblical Slave Leadership: Stewardship From Above to Lead From Below." The sessions were presented by Dr. Daniel L. Anderson, who is the president of the Appalachian Bible College in Mount Hope, West Virginia. Attendees learned about the leadership model taught by Jesus to His disciples.

Palm Sunday

On Sunday, March 20, the Shepherds Department of special needs students presented "Hosanna To The King," an Easter program about the triumphal entry of Jesus Christ into Jerusalem and

the events of Easter Week leading up to the cross. Rev. Steve Parsons concluded the program with a devotional message.

Good Friday Service

On March 25, Good Friday, at 6:30 pm, a Seder Meal will be served in the Fellowship Hall of the Haddon Heights Baptist Church. This event, full of Passover symbolism, will be conducted with comments and explanations of the various elements of the meaningful meal by Steve Herzig of Friends of Israel. The dinner will take the place of the usual Good Friday service. All are welcome and limited tickets are available for \$12.

Easter Services

On Easter Sunday, March 27, Haddon Heights Baptist Church will conduct a Sunrise Service at the Haddon Heights Dell of the Camden County Park at 7:00 am.

At 9:30 am, all will gather in Fellowship Hall for the annual Easter Brunch.

At 10:45 am, the Easter Service will feature the Haddon Heights Baptist Senior Choir and Orchestra. They will present the cantata, "This We Believe," a compelling and praise-filled celebration of the basic tenets of Christianity. Could there be a better time than Easter to

celebrate the life of Christ from the birth of our Messiah to the promise of His resurrection to His ultimate return to claim His people?

Awana

On Friday, March 18, Awana held its annual Grand Prix Races. Many Pinewood Derby-type model cars were designed and crafted by the clubbers to be judged and raced at the annual gala. Trophies were awarded for excellence in design and construction of the race cars and for top finishers in the speed contest.

Awana, which stands for Approved Workmen Are Not Ashamed, is a kids club for children age 3 through 6th grade. Emphasis is on wholesome game activities, Scripture memorization and Bible-based teaching. Awana meets Wednesdays, September through April, from 7:00 pm to 8:30 pm. All are welcome and parents of clubbers may attend Bible Study groups held at the same time as club.

Awana finishes its club year on Wednesday, April 27 with the annual Awards and Recognition Program in the Chapel. Clubbers are presented awards for their accomplishments in completing their handbooks.

Youth Group

The church's Jr/Sr High Youth Group meets on Wednesdays from 7:00 pm to 8:30 pm September through June. On Friday night, March 4, the youth group enjoyed an All-Nighter. Come for food, fun, fellowship, a challenging speaker, good music and games.

Missions

Haddon Heights Baptist Church provides several housing units on campus for missionaries on between-field ministries. Currently, Dottie Glorn, church planting specialist to Argentina, is spending furlough time enjoying these facilities. Calvin and Birte Veith, missionaries to Germany, also are making use of campus housing.

First Presbyterian Church

First Presbyterian Church of Haddon Heights offers Sunday School for all ages. A nursery is also provided for the little ones. We invite you and your family to join us for a warm and friendly Christian experience. Sunday School classes for children and youth are held on Sunday morning during the worship service from September through June. Children leave for class after the Children's sermon.

Our youngest group is learning some of our favorite Bible stories like Adam and Eve, Noah's Ark and the Prodigal Son. Through the Gospel Light lesson series, the 1st through 4th Grade Class is studying the Bible section by section and the children are beginning to know Jesus in tangible ways. The 5th through 7th Grade Class is being challenged to take home the lessons that help them relate to their everyday life. Our Teens meet on the 2nd and 3rd Sundays and focus on life in today's world and have the opportunity to reach out to help others. They collected cans of soup on Super Bowl Sunday. They have also been assisting at the Cathedral Kitchen in Camden by serving meals and preparing bagged lunches for those in need.

Adult Sunday School Classes are held Sundays at 9 AM in Room 2. This winter's topic is Prophecy! The Prophet Amos tells us, "Surely the Lord God does nothing, without revealing his secrets to his servants the prophets" (3:7). Join us to explore the message of God's Prophets. Classes are led by Pastor Eliza Jaremko. We are located at the corner of Seventh and Green Streets. Please call us at 856-547-6139 for more information or check us out at www.fpchaddonheights.org.

Please Don't Buy Baby Chicks at Easter

Please don't buy baby chicks at Easter. Most retail stores must sell you a minimum of 6 to prevent impulse buying but parents will still buy 6 and get home only to realize they are not legal in their town, they need to have a coop and all that goes with it and then they have a dilemma. The stores will not take them back. Also, you have a good chance of getting a baby rooster. The ordinance in Haddon Heights requires a 150 foot setback and a permit. There are a few residents in Haddon Heights interested in modifying the current ordinance but it takes time to be successful. If you purchase chicks now, you would be violating the current ordinance and risk a fine as well as being forced to get rid of your chickens. For more information about modifying the ordinance to conform with the current backyard chicken movement allowing generally six hens and no roosters, like "Camden County Chickens" Facebook page or contact (856) 858-6644.

I am a baby chick, not an Easter basket surprise!

1. MY BONES CAN BREAK IF SQUEEZED.
2. I GROW UP TO BE A HEN OR ROOSTER.
3. I POOP A LOT.
4. MY BROODER NEEDS TO BE CLEANED OFTEN.
5. I NEED PROPER SHELTER AS A CHICK.
6. I NEED PROPER SHELTER AS A HEN OR ROOSTER.
7. I NEED A CONSTANT SUPPLY OF WATER.
8. I NEED A CONSTANT SUPPLY OF FEED.
9. I NEED PREDATOR PROTECTION.
10. I CAN LIVE WELL OVER TEN YEARS.
11. FEW VETS ARE TRAINED TO CARE FOR ME.
12. I CAN CARRY SALMONELLA.

Tax-time Doesn't Have to be Taxing in the Garden

...used to be that there was no garden chore I felt I couldn't do. That was oh, maybe like 20 years ago before -- as I heard it called the other day... "Arthur Itis" became my friend. Cute, right? It should be called "the gardener's malady." I mean really -- What do I expect to

have happened after years of moving wheelbarrows of rock, compost and digging big holes for big trees? But no regrets. Devoting my life to what I love is what I would call I life well-lived and I haven't been stopped from my mission as "Garden Evangelist." This doesn't mean, though, that I continue on the same way I used to. I've learned some tricks along the way.

1. Sharp tools. There is nothing that makes pure drudgery out of gardening work more than dull pruners or shovels. It is well worth the time to keep both clean AND sharp. You can take it on yourself easily--I do my own--or your local hardware store can help. If a pointed shovel is no longer pointed, it's time for a nice, new one. And remember from the safety blog, choose one that is of the right size and weight for YOU;

2. On the topic of tools: don't try to use tools for things other than for which they are intended. Girls are very guilty of this, using kitchen knives to open packages, as screwdrivers, etc. A pointed shovel does not create a good or nice straight plant bed edge-- you need a flat shovel; a pointed shovel is not the best tool for mulch--you need a pitchfork;

3. Don't over-load the plan for your day. Be very realistic about the garden time budget you have any given week. I say this because I have been guilty of loading up my car with as many plants as it will hold thinking I am going to "have at it" for hours on end. I still do this (fortunately I have a VW Golf so the volume is at least restricted.) However, I do it now more for saving time and gas; nursery trips are big time drains for me and they tend to take longer than I anticipate. Always. So I make my list for what I'm after for the next few weeks ahead, understanding that I will have to "nursery" the plants on my own before they are planted. The order is as follows: trees (if any) and shrubs as the containers are larger and won't dry out as fast; then perennials; next annuals; and last, anything in the edible department;

4. Delegate. There are some things worth paying some young, strong, guys to do so you can save steam and stamina for what you like to do best;

5. Quit before you get tired. After all, even though it is work, it is supposed to be fun.

6. A hot bath and a cold beverage do a whole lot of good.

Microbeads - Horrible for the Environment

Probably Still in Your Bathroom

A Microbead is a tiny, less than 5 millimeter, particle of plastic that has been added to a large number of personal care products generally used for exfoliating or cleansing, sold around the world. Cosmetic companies apparently found that Microbeads were cheaper than non-synthetic alternatives. The beads themselves (also called "mermaid's tears") are made of polyethylene or polystyrene. Since these almost microscopic particles cannot be processed by our current waste water treatment plants, they flow from your shower and sink drain directly into the sewer system and into our waterways eventually contributing to the "plastic soup" swirling around the world's oceans. The Microbeads are eaten or absorbed by our sea creatures. Some marine life mistake small plastic as food particles. The marine food chain eventually ends up with humans at its top. That means it is very likely that we are absorbing Microbeads in the food we eat. Microbeads also are not biodegradable and are impossible to remove from the marine environment since they are about the size of a pinhead. Once the Microbeads enter our water supply, they settle on the floor of our lakes and oceans where they attract harmful chemicals like PCBs which adhere to their surface and become concentrated there.

However, those tiny plastic Microbeads you have been rubbing on your face are now outlawed in the United States.

• A bipartisan bill that prohibits selling and distributing products containing Microbeads has been signed by President Obama. The bill is intended to protect the nation's waterways. The law takes effect in July of 2017. The law is called "Microbead-Free Waters Act of 2015". The Act, which passed the U.S. House unanimously in early December signals widespread support for the ban, prohibits the "manufacture and introduction into interstate commerce of rinse-off cosmetics containing intentionally-added plastic Microbeads."

These tiny plastic beads are in hundreds of products ranging from body scrubs to toothpaste. They provide an exfoliating sensation for users and are designed to wash down drains.

In September, a study published in Environmental Science & Technology reported that more than 8 trillion Microbeads were entering the country's aquatic habitats daily. The volume was enough to coat the surface of 300 tennis courts every day.

Most of us probably still have products containing Microbeads in our bathrooms. What should we as responsible citizens do with products containing Microbeads?

• First of all, don't buy any products containing Microbeads. Many manufacturers have already eliminated them from their products and others are slowly doing so. The safest way to get rid of the stuff is to leave it in its container, tighten the lid, and send it to the incinerator or landfill with your regular trash where it's quite unlikely to escape into the environment. But NEVER, ever, not ever, pour it down a drain or flush it down the toilet, because that's exactly how it spreads into the watershed.

• By the way, to find out if a product contains these deadly beads, check the label for "polyethylene," "PE," "polystyrene," or PS. The organization Beat the Microbead has a list of products known to contain the beads. There are also apps available for your phone to help you.
