Independence Day Fun

Monday July 4th was a perfect summer day to celebrate our annual Independence Day parade! Leading the parade was the Haddon Heights Police Chief Richard Kinkler, Haddon Heights Fire Department, and of course our Mayor Jack Merryfield and Council. Our Grand Marshall this year was none other than the borough's infamous Tim Daly. He was waving to the crowd surrounded by his wife Lynne and grandchildren, while his daughter drove. Our Independence Day Queen was Justina Snyder and her Court Emily Driver and Paula Clemente riding in the convertible driven by Lenny Baker.

Over 40 other entries filled Station Avenue with music, entertainment and fun. Police cars, fire trucks and ambulances were just part of the excitement during the parade. Following in the parade were our sport teams, scouts, soldier, cool cars, motorcycles, Corvettes, bands, floats, community groups, bicycles and those adorable babies and toddlers riding their decorated bicycles, scooters or getting a ride in their wagons. Many thanks to Jim and Sara Cox and their crew for organizing the line up for this entry into the parade. Another thank you to Sue Griffith for handling the older crowd of bicyclists at Carole's Candy Corner.

As the parade reached Hoff's Park, the After Parade festivities kicked off. There were two gigantic inflatables, face painting, and DJ sponsored by the Borough, along with other vendors providing yummy food.

A big thank you goes out to Trish Shields, and Jackie Valvardi for assisting in lining up and keeping the parade route moving, and also Marian Hauser for all of her hard work at Borough Hall as well as all the other volunteers who helped make the 2016 Fourth of July a success.

If you would like to volunteer or participate in next year's parade, contact Susan Griffith at sgriffith@haddonhts.com

From Summer Rec!

Happy youngsters, great staff and volunteers plus generous community support add up to another wonderful Summer Rec season.

We had fun every day and learned some new skills along the way. About 60 youngsters came each week meaning over 300 enjoyed mornings filled with crafts, games, sports and science activities. Our directors, teen counselors, cadets and volunteers Wilma Hickman and Barbara Clay are a fabulous team!

Directors Stacey Denning and Kenny Hamburger join me in thanking the many residents and "camper families" who donated items for this program. We used everything!

We are all ready planning ahead for the 2017 season; look for registration information to be out in January!

MAYOR'S MESSAGE:

Dear Neighbors:

We are well into summer already and have had some great happenings so far in our town this year! Our Fourth of July Parade and Celebration was one of the best that I can remember and, thankfully, the weather held up. I want to extend a special thanks to our parade committee and to Councilwoman Susan Griffith, who did a terrific job with all of the work that goes in to making this annual tradition a reality.

You have probably seen a lot of publicity lately about our soccer lights. As I mentioned in my last update, we have arrived at a solution that we think is a good compromise and is in everyone's best interest. Our Soccer Club will be contributing a substantial amount of money to the new lights at the soccer field, with the Borough covering the rest through a long term bond. There are some who have told me that we shouldn't have done this at all and some who have told me we should have done this sooner – but the vast

majority of folks I've spoken to are very happy with the outcome. Not doing this at all would have left a valuable asset of our town without an important component and would have deprived our kids of a valuable recreation opportunity. Doing this without the appropriate due diligence, and without coming up with a careful and responsible plan to pay for it, would have resulted in us acting hastily to spend money without carefully analyzing our budget to determine how we could pay for this without the need for a huge tax increase. Many people in your government spent a lot of time figuring out how to do this the right way. We went out for bid and just recently awarded a contract. We understand that construction will begin in the fall. The results will speak for themselves and I am proud of the teamwork that went into this. I particularly want to thank Council President Lange for her untiring work on this important project.

Speaking of our Council President, we have had another successful Summer Rec season, with many of our children participating. This program also gives our high school and college aged children an opportunity to have summer jobs working with our younger children. We also have many volunteers who donate their time and resources to this program. I'd like to thank everyone who participated in another successful season.

It is not too early to start thinking about what's going on for the fall. Our Neighbors Night Out Committee is hard at work at planning the annual Spaghetti Dinner, which is scheduled for September 18th on Station Avenue. I am told tickets will be on sale soon. I'd also like to thank the dedicated volunteers on this committee for their hard work. Their fundraising has recently resulted in the repair of the fountain on Station Avenue in front of the train station, as well

as a new welcome sign on Kings Highway. Please continue to support their events! Also, our Fall Festival is scheduled for Saturday, October 1st. This is always a great time and I hope to see many of you there.

As always, please don't hesitate to contact me, or come to my office hours, if there's anything that your government can do better for you or help you with.

Very truly yours,

Jack D. Merryfield, Jr., Mayor

Note from your Haddon Heights' Tax Assessor

New Jersey Law requires the Tax Assessor's office to keep all property assessments current. The Assessor's inspector may visit your property if the property owner or their contractor obtained a building permit to build a new building, or update, improve, expand, remodel, redecorate, rehab and/or demolish an existing building located in Haddon Heights.

Please cooperate with the Assessor's inspector who will perform an interior and exterior examination of your home or business, and request information to confirm the type of work done, or to be done, the cost of the project, and the date the job was, or is to be completed. This inspection is in addition to any inspection(s) required by the Haddon Heights Building Inspection Department. The inspector will visit your property unannounced in the day, early evening, or on a Saturday. This method of inspection is very cost effective and I greatly appreciate your help allowing the inspector to collect the data required. The inspectors who work for the Tax Assessor's office are Judith Shoemaker (Judi), Jeffery Scott Pierson (Scott), and myself. Each inspector will wear an official Haddon Heights Borough ID Badge.

If you have any questions or concerns please do not hesitate to call Tax Assessor's Office at 856-547-7164 ex 33. Thank you for your anticipated cooperation with the inspection process.

Thank You, Thomas J. Colavecchio - Tax Assessor

Kids Can Cook!

Kids Can Cook is a program designed to teach kids, ages 5-12 about making healthy food choices. The children learn how to create nutritional snacks, meals and desserts using seasonal, fresh, local fruits and vegetables as well as alternatives to popular favorites. Skills taught in this class include: kitchen safety (using knives properly for slicing and dicing), using tools such as a spiralizer, bullet/blender/food processor and even a sushi mat for rolling out sushi. They also learn how to measure and follow a recipe. Upon completion of the course the kids will receive a recipe book of all recipes prepared and a Junior Chefs Award/Certificate. During the Summer the borough provides a "Kids Can Cook Camp" where children attend 4 consecutive days in a week,

while during the Fall/Winter/Spring programs we offer an after school program that runs once a week for 4 consecutive weeks.

In a society where fast and convenient spill into our mainstream food industry, my goal is to expose the kids to discovering that whole foods can be delicious and easy to prepare. This, I hope, will encourage more hands-on family cooking at home.

Circolo Italiano

Monthly meeting for Circolo Italiano will be on September 12 from 7:30 to 10:00 p.m. at Haddon Heights Borough Hall, 625 Station Ave., Haddon Heights

Rutgers Professor Emeritus, John Giannotti, will discuss the extraordinarily diverse development of Italian music we all know and love.

He will draw parallels between great operatic composers, such as Puccini and Donizetti, and the jazz and pop styles of today, with special attention to the modern master Ennio Morricone. But the evening won't be all talk! Accompanied by guitarist Bjorn Kommedal, John will play Italian favorites on alto and tenor sax, including Donizetti's "Una Furtiva Lagrima", Morricone's "Gabriel's Oboe", and others. Also look for a few popular standards such as "Quando Quando" with lyrics provided in Italian and English for a singalong. Refreshments to follow the program will make this a thoroughly enjoyable evening as we commence a season celebrating Italian culture and heritage.

SAVE THE DATE!

The Soldiers are Coming! The Soldiers are Coming!

Invite your friends and family and join us on Saturday October 8th.

Soldiers will be in the park by the Canon's from 10am to 4pm.

Keep an eye on the Borough Website for more information as the date approaches!

Delaware & Susquehanna Model Railroad Club

The Delaware & Susquehanna Model Railroad Club has been working on both the station and our layout during the summer. The station electrical and carpentry work that has been in progress for years is finally completed. Two new layout modules have been started. They will feature an anthracite coal mine, worker housing, and associated industries. The work is in early stages of planning and construction but will be on view for the Fall Festival. You can follow the construction as it progresses.

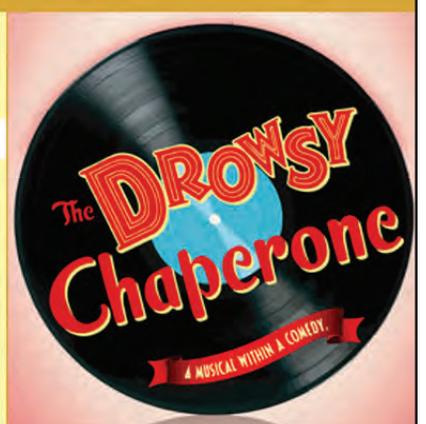

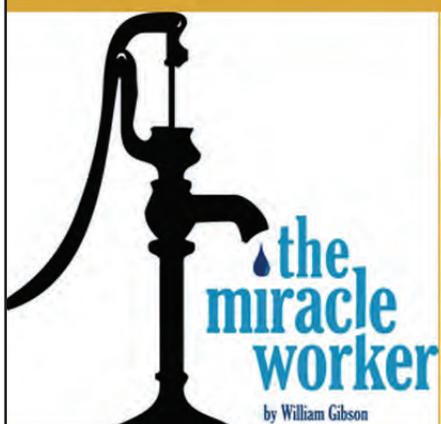

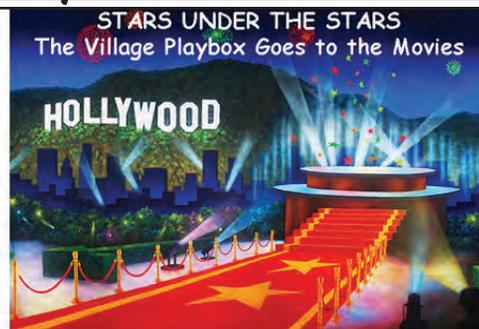

Most recently we have replaced the broken stained glass window panes with historically correct ones. The station will be open for the fall festival if you would like to stop by to see the trains or the progress on the station. The entire layout will be on display December 2, 3 and 4 at the First Baptist Church of Haddonfield. Our Haddon Heights Show will be January 20, 21 and 22, 2017 at the Municipal Building.

Summer Fun Has Just Begun At The Village Playbox

Interfaith Caregivers

Join Your Neighbors • Help Your Neighbors

For 25 years Interfaith Caregivers has been helping Haddon Heights' residents 65+ and people with disabilities live independently and stay active in their community. Our volunteers provide rides to doctors, hairdressers, and social events. We grocery shop and run errands with seniors. Chatting or reading to a neighbor can provide comforting companionship. A brief phone call can bring peace of mind to clients and their families. Do you or someone you know need Interfaith Caregivers? If so call our office at 354-0298.

So far this year 6 Haddon Heights residents have become new clients and we need additional volunteers to insure they receive the service they require. Many of your neighbors are already helping our 89 Haddon Heights' clients. Won't you join them? Give as much time as you have – an hour or two a week or a month. We work around your schedule. Call us whenever you have some time, or check online to see how you can help.

Come to our volunteer orientation on Tuesday, October 25 from 7pm to 9:30 pm at the Haddon Heights Borough Hall, 625 Station Avenue, 2nd Floor conference Room. For more details, call the Interfaith Caregivers office at 856-354-0298 or email suzan@ifchaddons.org.

Special Events on The Porch

Once upon a time (before air conditioning, television and the Internet!) "the porch" was the place to be where neighbors gathered, passersby waved and the world was a small community called "Home". Come "Home" now, for a respite on Our Porch where Just for Gents invites senior men to gather Wednesday mornings from 9:30-10:00 am for coffee, donuts and conversation. Or stop by (anyone welcome!) Wednesday afternoons for Porch Talk. Come sit a spell and enjoy chatting, watching the birds or just relaxing and meeting new friends. There might be a glass of lemonade and a fresh baked cookie in the offering! (Or feel free to bring a treat and maybe a recipe to share!)

And there is always more! An ongoing schedule of speakers, entertainers and special events

is continually evolving. We've enjoyed folk singers, floral stylists and birding experts, with many more ideas to come! Don't be shy about suggesting what you would like to see..or someone you know (maybe you?) who might contribute to our offerings to be enjoyed by all. Perhaps you have a special talent such as singing or playing a musical instrument. Would you like to lead a discussion group or share an arts and crafts project? We'd love to spotlight our local residents.

On the current schedule is a Painting Class Tuesday, August 16 from 12 noon to 2:00 pm. Coming this Fall will be a Caregiver Support Group beginning Wednesday, September 14 from 6:00 to 7:00 pm, a return visit from folk singer Terry Rivel, and another visit from a dietician with tips on healthy meal planning. Look for flyers announcing these and other events out and about town or stop by and pick one up on The Porch. You can also visit us on Facebook for more information.

Haddon Heights Good Neighbors

"We can't help everyone,
but everyone can help someone."

- Ronald Reagan

Haddon Heights is such a wonderful place to live because we are fortunate to have such great neighbors. We are also fortunate to have resources that enable us to help one another. One of these resources is the Haddon Heights Good Neighbors organization.

Haddon Heights Good Neighbors, HHGN, was formed in 1979 to provide short-term financial assistance of a material nature to residents in need. As an organization of the people, by the people, and for the people of Haddon Heights, we pride ourselves on helping members of our town when they are struggling. After all, shouldn't a sense of community come with a sense of responsibility?

One way of helping HHGN to accomplish its goal is to join the organization which typically meets the 1st Wednesday of January, May, September, and November. These meetings are held in Borough Hall at 7:00 PM. New members are always welcome.

Another way to help is make a donation. Your contribution will be used to assist residents in our community and whether it goes toward rent, utilities, groceries, or home repairs, we investigate every request and independently determine its worthiness. Our hands-on approach ensures that money goes to where it is needed the most.

WHO ARE THE HADDON HEIGHTS GOOD NEIGHBORS? YOU ARE.

Haddon Heights Good Neighbors is a non-profit, non-sectarian, non-political organization. It has never had a paid employee or officer. All work is done by volunteers, and anyone who makes a donation is a member. No donation is too small and no act of kindness is too inconsequential! There are a couple of ways you can make a donation. You may use PayPal with the following link: <http://www.hhgoodneighbors.org/donate.html> Or, if you wish to make a donation by check, please make the check out to HHGN, and mail it to:

When Christopher Leonard Schmidt started his business as a heating contractor, in 1957, he never thought that his great grandson, John III, would work in the same business. John, Sr. joined his dad in the company in 1959.

Soon after opening, C. Len saw a demand for plumbing work and obtained the

proper license. In 1968, he incorporated the business and moved it from 7th Avenue to its current location on Station Avenue. At one point, Schmidt made heating oil deliveries. But that business was sold to Federal and later operated by Petro Oil. John Schmidt, became the owner/manager in 1970. Recognizing a demand for bathroom and kitchen remodeling in the community, John also became a licensed home improvement contractor.

In 1980, John, Jr. joined his father in the business and was soon followed by his brother Greg. Mike came on board later. When John, III started working with his father, uncles and grandfather, four generations of Schmidts served Haddon Heights residents.

Service to the community has also been important to this family. John Schmidt is a past president of the Haddon Heights Fire Department and of the New Jersey State Volunteer Firemen's Association. All of his sons have been members of the Haddon Heights Fire Department as is John III. John, Jr. has been treasurer of the Haddon Heights Fire Department for years.

Generations of Schmidt family members have earned the loyalty and respect of customers in Haddon Heights and the surrounding communities by providing competent, fully licensed and insured service. It truly is their pleasure to serve you.

Atlantic Avenue Elementary School Garden

We were excited and proud to have our Atlantic Avenue Elementary School Garden as a stop on the Haddon Heights Library's Twilight Garden Tour this past June. Our school garden is 100% operated and maintained by a group of parent volunteers and is supported by a budget from the HHPTG and donations from local businesses. We are in our fifth growing season. Garden lessons compliment the classroom curriculum and the students work in the garden each spring and fall on the following projects: sunflowers, a strawberry barrel, a salad garden, a pollinator habitat, a potato plot a pea patch, the three sister's garden, a meadow garden, a shade garden and springtime bulbs. During the winter we garden indoors with The Great Amaryllis Race!

At the Twilight Garden Tour on June 10th our elementary student volunteers from each grade described their projects to our visitors. It was a beautiful night and the kids really enjoyed talking about their projects and showing off what they have

learned in the garden. The visitors were great too, often sharing their own garden stories in return. It was so nice to see such interaction and we think it gave the children an even greater sense of pride in their accomplishments. Thank you to the Haddon Heights Library for organizing the tour and all of the guests who visited our garden that night for such a great experience!

New Beginnings Learning Center; A Great Place to Hang Your Hat

There is a lot to celebrate at New Beginnings Learning Center! Located at the First United Methodist Church in Haddon Heights, the preschool just completed 37 years of providing the first educational experience to children ages 18 months to 5 years of age. It was a year full of fun and learning as the children explored and learned about their world through literature, science activities, field trips, music and more! The months flew by as the classes worked on skills with themes that include: 5 senses, seasons, insects, dinosaurs, outer space, transportation, nursery rhymes, holidays, community helpers and healthy habits. The backyard release of butterflies raised from caterpillars in the classrooms capped off a wonderful school year. Finally, families were treated to a Closing Program with a country western theme performed by the preschoolers who sang and danced to country music classics. The following day, the NBLC families gathered again to celebrate summer with games, crafts and activities provided by the

teaching staff in the school's backyard. A wonderful time was had by all!

New Beginnings Learning Center is excitedly preparing for the 2016-17 school year. Educational materials and equipment are being updated and added as the program grows and changes to meet the needs of young students. Classrooms are cleaned and spruced up with new decor and toys over the summer months. Curriculum is revised as needed and the staff is continuing their education and training in preparation for the new students they can't wait to meet.

There are still a few spaces available in classes for 2 1/2, 3, 4, and 5 year olds, as well as the popular Mommy & Me class. Small class sizes with two teachers in each classroom provide individual attention and a supportive first school experience. A play-based curriculum allows young students to learn in the way they learn best - while exploring and having fun in the clean, bright, well equipped classrooms and playground. Weekly Bible lessons and chapel songs

are part of the curriculum at NBLC, a favorite activity for the children.

Extended days are available through the Stay & Play program, allowing parents the opportunity to add extra sessions to their child's schedule. The school is licensed by the state of New Jersey, undergoing extensive requirements and inspections that ensure the quality of care, education and safety. The facilities and the experienced, dedicated staff proudly exceed the requirements of NJ Department of Children and Families Division of Licensing regulations.

Affordable tuition rates and payment schedule help families afford quality preschool that is conveniently located in our community.

It's not too late to make New Beginnings Learning Center your family's hometown preschool this fall. Appointments for tours or requests for enrollment packets can be made by calling 856-547-4444 or visiting the website for the school at www.nblc-haddonheights.org.

On May 23 and 24, the students at New Beginnings Learning Center performed a Country Western themed Closing Program on the stage in Fellowship Hall at the First United Methodist Church of Haddon Heights.

Vacation Bible School

Haddon Heights Baptist Church announces its 2016 Vacation Bible School! Circle the week of July 25 to 29 on your summer calendar--that's when Cow-a-bunga Farm holds its week-long hoe down called "Growin' with Our Faithful God." Students will experience life on the farm complete with animals, tractors and growing crops. As they learn about God's faithfulness as revealed in the life of Joseph, they will be encouraged to grow in godliness and to trust in God's plan.

Vacation Bible School at Haddon Heights Baptist is for kids age 4 through 6th grade and runs from 9 am to 12 noon each day. A registration form can be downloaded from www.haddonheightsbaptist.org.

A nursery for children up to 3 years old will be available.

Shepherds Vacation Bible School

The Shepherds Department of special needs students has already been Cow-a-bunga Farm this summer. Their Vacation Bible School ran from July 5 through 8 from 7 pm to 9 pm each evening. They enjoyed Bible stories, craft time, game time and refreshments as they learned how to grow in faith

just as crops grow in the fields of Cow-a-bunga Farm!

On June 25, Haddon Heights Baptist Church provided borough residents an opportunity to receive a free car wash! St Mary's Episcopal Church

GETTING TO KNOW US

Hello from St. Mary's. We are the beautiful, friendly, welcoming church on the corner of the White Horse Pike and Green Street in Haddon Heights. Many of you pass by us every day but may know nothing about us. Here are some facts! The church is alive and well! We are serving the community as we have been for over one hundred and six years.

We currently are in the process of looking for a new priest to lead us. Unlike other denominations, clergy are not assigned to a church. The Episcopal Church has a process by which clergy become leaders in a church community. The process is very substantial and time consuming but insures that a parish finds a person that will meet their needs and that of the community. That process is underway at this time. Until that individual is found, the parish is supported by "supply priests" who come to lead services on a weekly basis. Pastoral needs of the congregation are met by the church's ordained Deacon.

Other than attending Wednesday and Sunday services, church members are on hiatus from activities over the summer to give everyone some much needed rest and relaxation after a VERY busy year. This last year has brought over fifteen hundred people through the doors for our "Sunday's at Four" concert series, we have hosted our 2nd Annual Designer Bag Bingo, have offered Advent and Lenten study groups, hosted a Flea Market, and Strawberry Festival and held a dinner for Seniors from local communities. We have filled backpacks for children in Camden schools, supplied juice boxes to Kid's Alley summer camp, have collected supplies for animals through the Animal Welfare Association and food and clothing on an ongoing basis for agencies in Camden that support the homeless, collected personal care products for the Camden County Women's Shelter and participated in IHOC's fundraising walk. Our Prayer Fellowship prays for people on a daily basis, most of whom are not members of our church but folks in need of prayer in our communities and beyond.

Our building is a hub of activity every day with more than one hundred children calling the church

This event will recognize and salute the efforts of those that gave much to keep our nation free throughout our history. This program falls on the week-end of the 15th Anniversary of Nine Eleven. Sustainable Haddon Heights

Sustainable Haddon Heights invites you to visit them every Sunday from 9:30 am until 1pm at their booth "Sundays near Station with Sustainable Haddon Heights" located in the Haddon Heights Farmers' Market. Most weeks, the group will be having demonstrations on various aspects of sustainability and gardening. Currently, the "Stop Using Plastic Bags" project is underway. Stop by the table after you make your purchases at the market. For each reusable bag you have used, receive an entry into the weekly contest to win a reusable produce bag. Due to demand for the bag, they now also have them for a donation of \$3, less than cost, for anyone who wants them. Many people use the traditional reusable bags at the grocery store but then take many of the small plastic bags in the produce department. They are the least reused bags! These reusable produce bags take the place of the small plastic bags. Forgot your reusable bag, stop by the booth and get a free one to use shopping. It is yours to keep or you can return at a later date.

The tentative schedule is as follows:

July 31 — Is it Recycle or Is it Trash? Do you know what bucket it goes in?

August 7 — Energy Conservation—save money and be more sustainable

August 14 — Got Weeds? How to avoid dangerous chemicals getting "rid" of weeds. Did you know some common weeds are tasty and go great in salads? GMO Free NJ will be participating with Sustainable Haddon Heights

August 21 — Composting — put that yard waste and vegetable scraps to good use and make wonderful compost for your garden.

August 28 — The Real Cost of Bottled Water with a Taste Test—Is it bottled or is it from your tap?

"Like" our Facebook page—Sustainable Haddon Heights and check it often for updates and the future schedule as well as great articles on sustainable living.

September 4 — Getting Rid of "Stuff" — Earth 911.

September 11 — Backyard Chickens — Learn how chickens can provide great fertilizer for your garden, eat bothersome insects and provide your breakfast. A couple local hens will be visiting.

September 18 — Worm composting — no place for a regular composter or live in an apartment? Learn how worm composting can provide you with compost for your houseplants.

September 25 — Bees and how to keep them happy and in your garden. See a demonstration hive.

Sustainable Summer Yard Care

Many people long for a lush green lawn, from spring through fall. As the rains of late spring and early summer decrease, it is perfectly normal for lawns to turn brown as the temperature rises since most of our lawns are cool weather grasses. Many homeowners think it means that the lawn has died when, in reality, it is simply dormant. Don't fertilize or reseed in an attempt to revitalize the lawn.

Water lawns and garden beds once a week, early in the morning. Provide 1 to 1 ½ inches of water at one time if possible. Frequent watering for short periods of time makes the problem worse since it prevents the lawn from forming deep, healthy roots. Watering mid-day is wasteful since most of the water evaporates. Watering in the evening increases the chance of fungus and other diseases since the lawn and plant foliage stays wet all night. When that happens, homeowners frequently reach for chemicals to fix the problem and put more contaminants in the soil. Invest in an inexpensive rain gauge or simply re-purpose a clean, standard-size tuna can or cat food can which is 1 inch high. Be sure to put the rain gauge

in an open area where no plantings to obstruct collection. Use this as a guide and only water if the weekly total is less than 1 inch.

Don't mow the lawn during a dry spell as it stresses the lawn. Keep the mower at its highest setting. After mowing, the lawn should be 3 inches high. High grass holds more moisture, fights weed growth, and helps develop deeper roots. Do not bag the grass clippings, but leave them on the lawn to provide free fertilizer. It saves time and effort as well as decreases yard waste for the town to collect. Over-watering and over-fertilizing create thatch, not leaving clippings on the lawn. Do not fertilize during the hot, dry summer since it can damage the lawn. Lawn services often do things routinely, so be sure to tell them how you want your lawn cared for when it is hot and dry.

Lawns are not sustainable due to their water and fertilizer needs as well as the pollution caused by mowers and edgers. While we have not suffered the severe droughts affecting other areas of our country, it is likely we will feel its effects at some point in time. Now is the time to change your lawn routine to a more sustainable one. Next year consider decreasing the amount of lawn in your yard by planting drought-resistant ground covers or increasing the size of garden beds with native plantings, which generally are drought-resistant once established.

Energy Costs Getting Higher?

Reducing energy consumption by two percent in New Jersey could put \$130 million in the pockets of consumers and eliminate 1 million tons of carbon emissions – equal to taking 200,000 cars off the road. (This estimate is based on research about what other states are doing to promote energy efficiency and our familiarity with New Jersey's efforts).

In short, energy efficiency investments are wins for the customer, for the environment, and for our shareholders—and they create jobs.

Everyone can benefit from improved efficiency – and everyone can win if the benefit is shared. That's the promise of energy efficiency – and the beauty of doing more with less.

LIBRARY CORNER

“Bark For Books” Program

Our successful program, Bark for Books, is held on the first Wednesday of each month from 3:30 – 4:30. The next session is September 7. Children are welcome to bring their favorite book or pick one out at the library ahead of time to read to the trained dogs. Dog therapy has shown to help children who struggle with reading. They also help with children who may be shy. The dogs will provide a calming atmosphere that relaxes the child while the child reads directly to the dog. Come check this program out in action!

Halloween House Decorating Contest

The library is holding its second annual Halloween House Decorating Contest this October. Last year's contest was extremely popular, with over 20 homes participating. This contest is strictly for the outside of your house and is restricted to the front yard. We will have several prizes and categories. Registration will begin in September. Keep an eye out on the borough website, the library website and Facebook for more information on this scary contest!
