Down The Garden Path - Twilight Garden Tour

Friday, June 10th 4pm - 8pm

The Friends of the Haddon Heights Library invite everyone to the "Down the Garden Path" Twilight Garden Tour on Friday, June 10 from 4 - 8 p.m. Six distinctive properties make this year's Garden Tour especially pleasing to the senses. The gardens, which range from large to small and from formal to casual, reflect the owner's individual tastes and styles. Jump start your imagination with unusual plant specimens, whimsical garden ornaments and private spaces that evoke a sense of serenity and peace. Colorful annuals and perennials, flowering trees, roses and winding garden paths converge to delight both the novice and seasoned gardener.

The Friends of the Library is a volunteer organization that helps raise money and awareness for the Haddon Heights Library. Tickets are \$10.00 and are on sale at the Haddon Heights Library, April Robin and Freshest Flowers. These are all located on Station Avenue. For more information call the library at 547-7132. The event will be held rain or shine. Bring a hat, a friend and a smile - you are in for a treat! All proceeds benefit the Haddon Heights Library.

MAYOR'S MESSAGE:

Dear Residents:

It's one of my favorite times of year here in Haddon Heights. Our community really comes alive in the spring with outdoor events, sports, proms, graduations and other great civic activities that make our town the special place that it is. We recently had the HHYA Opening Day Parade and Ceremony (which due to the rather unfortunate weekend weather we had, we had to move to a few weeks into the season!) As always, the HHYA volunteers did a great job with the event, and continue to put on a top-notch baseball and softball program for our children. We also had a very successful first ever *Rhythm and Brews* event on Station Avenue, which I am told, brought many people to our town who do not live in Haddon Heights. Those folks had the opportunity to experience Haddon Heights, to shop in our businesses and eat in our restaurants. Our business district has something for everyone, so anything that brings it more exposure is good for everyone. I would like to thank the team at Heights in Progress, led by Joe Gentile, for bringing us that event and for bringing back our *Farmer's Market* for another season. The Haddon Heights *Neighbors Night Out Committee* put on another terrific event, *Margaritas and Mayhem*, in our Community Center. Everyone in attendance had a great time and the money raised from this event will hopefully push the project to restore the Fountain by the train station over the finish line. I would like to thank the volunteers of the Neighbors Night Out Committee, led by their chair, Jillian Soriano. Our town cannot be the great community that it is without these and so many other volunteers who give their time and talents. So again,

thank you and keep up the great work!

You may have heard or read a lot lately about our project to replace the field lighting at McCullough Field at the Devon Avenue athletic complex which is used primarily by the Haddon Heights Soccer Club. I am pleased to report that it looks as if we have come up with a workable solution. As you might recall, a safety inspection of the lighting resulted in a finding that they were old and dangerous and had to be removed. Unfortunately, last season the Haddon Heights Soccer Club was forced to rent portable lights and generators to power them to provide lighting for evening practices and games. Those of you who were down at the fields at the time probably noticed how loud they were, the odors they emitted, and how close to the fields they were located – which was less than ideal from a safety perspective. They were also very expensive to operate because they had to be rented and fueled; not using the fields at night is just not a viable option for us. We are lucky to have so many programs that use McCullough Field so the governing body had to fund a way to address the problem. After many hours of effort by Council President Kathy Lange and the Soccer Club, we have reached a solution that we think will work. We will get new lighting installed through a partnership with the Soccer Club, whereby they are contributing some of the funds necessary to make the down payment and defray some of the costs of a long-term bond. The Borough will absorb the rest of the bond in later years, when some more current obligations have been taken care of.

There are some out there who say we should not be

funding projects like this at all, because these things cost tax dollars. There are some out there who say we should spend money whenever we need to for whatever projects we

want, whenever we want. While I recognize those viewpoints, I cannot subscribe to either of them. The first abandons our town and its need for capital spending and improvements. Abandoning our town like that will result in a decrease in our quality of life and in the things that make our town special. The second abandons our responsibility to be careful stewards of tax dollars, and that will also result in a decrease in our quality of life. I believe the right answer is to spend carefully and responsibly and to come up with plans that work to ensure that our residents benefit from improvements in infrastructure and services. That is what we have accomplished with replacement of the lighting. Over time, we will all have to make some small sacrifices to cover the increased costs, the results will be worth it in terms of property values, community pride and activities for our youth. We owe it to our kids. We owe it to our town. And we owe it to ourselves.

As always, if there is anything we can do from a government perspective to assist you, please do not hesitate to reach out to me.

Mayor Jack D. Merryfield

Driving and Parking Near Ballfields

The Haddon Heights Police Department would like to remind residents that spring sports practices will be starting. Therefore after the winter lull you will now notice increased pedestrian, motor vehicle and bicyclist activity near sports fields. Please make a point of slowing down as you drive through these areas. Additionally, we ask that you abide by all No Parking regulations. These regulations were passed to reduce bottleneck situations and to open up sight lines so motorists can see pedestrians, including children.

Our Department will strictly enforce speeding and No Parking violations in these areas.

Zoning Department

With the arrival of warmer weather, many homeowners will be starting outdoor projects. Borough Code requires zoning approval for, but not limited to, the following projects: Decks, fences, garages, patios, walkways, sidewalks, dormers, and additions. Please be aware that even though you may be doing an exact replacement, zoning is still required.

In addition, if you are located within an historic and / or business district, zoning is required for signs, windows, siding, and roofs. If you are contemplating a project and are unsure of what is required, please call the Service Operations Center 856-546-2580 and ask to speak to the zoning officer Ron Newell.

The Woman's Club of Haddon Heights

Girls' Career Institute (GCI) is a program, offered by the New Jersey State Federation of Women's Club GFWC (NJSFWC), for girls who have completed their junior year of high school.

The GFWC Woman's Club of Haddon Heights has selected Skye Robertson as the young woman to attend this year's program. Skye has been involved in the Garnet and Gold Club, Tutoring, Starter of the Lemon Club, Varsity Cheer Leading, Manager Boy's Basketball and Girl's Track and organized Alex's Lemonade Stand foundation.

The GCI program, which began in 1947, is held at Douglas Residential Campus at Rutgers University and affords a unique mini college experience for approximately 175 students from all over the state. This year's dates were June 6 - June 9.

Delegates are sponsored and the cost is underwritten by local NJSFWC Clubs or individuals. Delegates are selected on the basis of interest, community service and participation in school activities. They experienced a sample of college life by living in a dorm, eating in the cafeteria and attend lectures and workshops. They also learned about career choices and how to network with other delegates from all over the state of New Jersey. During free time, there were organized activities, such as swimming, crafts and after dinner programs. In addition to organizing and directing all the activities of the GCI program, NJSFWC clubwomen volunteer their time and act as housemothers for the program.

The GFWC Woman's Club of Haddon Heights is a member of the New Jersey State Federation of Women's Clubs (NJSFWC) of GFWC, which was founded in 1894 and has been headquartered on the Douglass Residential Campus, formerly Douglas College in New Brunswick since 1966. The NJSFWC is a member of the General Federation of Women's Clubs, the oldest and largest nonpartisan, nondenominational women's volunteer service organization in the world. Opportunities are provided to women in education, leadership training and community service through participation in local clubs, enabling members to make a difference in the lives of others, one project at a time.

If you are interested in learning more about the NJSFWC or in joining a local club, contact NJSFWC Headquarters at (732)249-5474 or www.NJSFWC.org.

Thank you, residents of Haddon Heights for your generous support during our past month's fund drive. Your donations ensure that we are able to provide the high level of service expected, and we couldn't do it without you.

In the event a fire alarm is activated in your residence or apartment building, do you have an emergency plan to evacuate, and are you aware of your building's procedures in case of such an event? If an alarm is activated in your building, the most important to do is to treat as an emergency, and do not assume it is a false alarm. After the alarm sounds, proceed safely to the nearest exit, calmly, and assist those in need, to get safely away from the building. Avoid gathering near entrances, and around fire hydrants outside. Allow room for emergency responders to get to work and investigate the alarm activation, but alert them to any concerns, for instance if you smell smoke, or someone isn't accounted for. For your safety, do not attempt to reset alarm panel on your own. And wait for the all clear to return to the building. Procedures may vary from building to building, but if you receive an order to evacuate, please do so.

Congratulations to Preston Antrilli for his successful completion of his Firefighter I training at the Camden Country Fire Academy. Preston like all of us, are local residents, ready and willing to step up to the challenge and serve his community. If this sounds like something that interests you, please contact our fire prevention office during normal business hours, or simply stop up at the firehouse on Monday nights. We're located behind the library on Station Avenue.

As always, we're available around the clock for your emergency needs by calling 911, and follow us on Facebook to keep up with latest news and safety updates. We thank you for your continued support.

Sustainable Haddon Heights

Sustainable Haddon Heights invites you to visit them every Sunday from 9:30 am until 1pm at their booth "Sundays on Station with Sustainable Haddon Heights" located adjacent to the Haddon Heights Farmers' Market. Most weeks, the group will be having demonstrations on various aspects of sustainability and gardening. Currently, the "Stop Using Plastic Bags" project is underway. Stop by the table after you make your purchases at the market. For each reusable bag you have used, receive an entry into the weekly contest to win a reusable produce bag. Due to demand for the bag, they now also have them for a donation of \$3, less than cost, for anyone who wants them. Many people use the traditional reusable bags at the grocery store but then take many of the small plastic bags in the produce department. They are the least reused bags! These reusable produce bags take the place of the small plastic bags. Forgot your reusable bag, stop by the booth and get a free one to use shopping. It is yours to keep or you can return at a later date.

The tentative schedule is as follows:

- **May 15 - Sustainable Lawn Care** - Learn how you can save both your time and effort and the planet with some tricks to having a healthy lawn.
- **May 22 - Backyard Chickens** - Learn about pets that provide breakfast as well as excellent fertilizer and insect control in your yard. There will be a visiting hens for adults and kids alike to pet.
- **May 29 - Outdoor Water Conservation** - learn about rain barrels, rain gardens and other ways to collect water and decrease run-off. Special activity for the kids!
- **June 12 - The Problem with Plastic** - learn how you can decrease the use of plastic at home.

Could You Walk to Rio Di Janeiro?

Join us as we "Walk" to the Olympics!

Four years ago, to encourage fitness and have a little Olympic Fun, we challenged residents to "walk" from Philadelphia to London, the site of the 2012 Summer Olympics. Yes, we pretended we could walk across the ocean and about 35 residents made the trip by the Opening Ceremony.

This year, the XXXI Olympics will be held in Rio Di Janeiro, Brazil and we have until late August to get there. It's easier now - there's a selection of fitness devices or phone apps to help track our progress. Or use your trusty pedometer and set up your log. So are you "game"? There is an average of 2,000 steps to a mile. (Or customize your device) If you want to take the shorter, water/flying route you need only to log 4,786 miles.

If you want to go hard core, you could take the "walking route." Starting in Philadelphia and walking down through Mexico and across South America to Rio Di Janeiro, Brazil the total is roughly 8,308 miles. If you would like to try the "walking route" we recommend maybe creating a relay team. This way the team can slit up the miles needed and work together to walk all the way to Rio!

Can you make the trek before the closing ceremonies on August 21st? We are working on the Honor System, you can log your miles using your devise of choice! Let us know how far you made it by August 30th. (Email Kathy Lange at klange@haddonhts.com) Kathy will have Gold, Silver, and Bronze "medals" to award at the September 6th Council Meeting.

Even if you don't make it all the way, it will be fun to see how far you can get - there's plenty of interesting cities along the way. Be inspired by the Olympic Creed... The important thing in the Olympic Games is to not win but to take part just as the important thing in life is not the triumph but the struggle. The essential thing is not to have conquered but to have fought well. Good Luck!

First Church of Christ, Scientist Up for Sale

Rose Fitzgerald - Historic Preservation Commission

Our Christian Scientist Church is up for sale. The congregation has joined the Haddonfield church. This building, unique to the area and loved by all, is not listed as a town historic site nor is it in a historic district. But, because it is within 500' of the White Horse Pike Historic District which includes Fourth Avenue, alterations or demolition and/or new construction will be reviewed by the Historic Preservation Commission and Planning Board.

This church began as a Society in the fall of 1916 when 16 members of churches in other areas decided to form a church in Haddon Heights. In 1925 construction began for the curved roof building (see photo) where Sunday school was held. The cottage-style church looks as if it should be sitting on a rolling hill in the English countryside. With its distinctive wavy roof, brick and stucco and massive fireplace and chimney, it is an example of the storybook Tudor style that was popular for a brief time in the 1920's. The steeply pitched roof appears to be made of thatching. It is, in reality, constructed of wood and slate. These types of roofs are made up of steamed cedar shingles, which have the ability to be shaped in curved formations. A certain amount of creative underlying construction was required to support the heavy materials.

In August 1949, plans were drawn up for the construction of the church edifice. The church was completed in 1952 and dedicated in 1966. Christian Scientist churches are not dedicated until free of debt. The church interior is well maintained has half timbering, wonderful woodwork and

is in its original 1921 and 1952 built condition with original doors, lanterns, shutters, hinges and shutter dogs (possibly Samuel Yelling?).

The property is zoned residential but could also be used for a church and/or a school. Dan White is the realtor handling the sale. We are sad to see this congregation leave. We wish them well and thank them for their fine stewardship of this beautiful building.

Haddon Heights Good Neighbors

The sun is shining, the days are getting longer, and the summer months are right in front of us. It's grand to be living in a town, such as Haddon Heights, to reap all of the beauty around us!

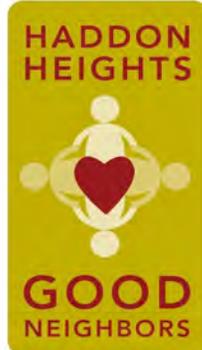

We often give pause to think about our neighbors who might be having a hard time enjoying the warmth of summer because of a medical problem or a financial problem. We turn to each other and ask what we might be able to do to help them. Fortunately, the Haddon Heights Good Neighbors (HHGN) organization is able to help brighten up the lives of these neighbors.

HHGN was formed in 1979 to provide short-term financial assistance of a material nature to residents in need. As an organization of the people, by the people, and for the people of Haddon Heights, we pride ourselves on helping members of our town when they are struggling. After all, shouldn't a

sense of community come with a sense of responsibility?

One way of helping HHGN to accomplish its goal is to join the organization which typically meets the 1st Wednesday of January, May, September, and November. These meetings are held in Borough Hall at 7:00 PM. New members are always welcome.

Another way is to make a donation to the organization which will be used to help residents in our community. Whether it goes toward rent, utilities, groceries, or home repairs, we investigate every request and independently determine its worthiness. Our hands-on approach ensures that money goes to where it is needed the most.

WHO ARE THE HADDON HEIGHTS GOOD NEIGHBORS? YOU ARE.

Haddon Heights Good Neighbors is a non-profit, non-sectarian, non-political organization. It has never had a paid employee or officer. All work is done by volunteers, and anyone who makes a donation is a member. No donation is too small and no act of kindness is too inconsequential! There are a couple of ways you can make a donation. You may use PayPal with the following link: <http://www.hhgoodneighbors.org/donate.html> Or, if you wish to make a donation by check, please make the check out to HHGN, and mail it to:

National Train Day

Ever wonder why we celebrate trains in Haddon Heights?

National Train Day celebrates the joining of the Central Pacific and Union Pacific railroads at Promontory Utah on May 10, 1869. The event linked the east and west coasts of the country and was instrumental in the settlement of the west. On the local level, we celebrate the construction of our 1890 passenger station by the Philadelphia and Atlantic City Railroad. The station was built by the Lippincott family as an inducement for the railroad to have a station stop at Haddon Heights. The railroad was instrumental in building the town. Building materials, coal, ice, and lumber arrived by train. Passenger service to Atlantic City, and Cape May provided recreational opportunities. The Philadelphia connection allowed passengers access to the national railroad network and well as the opportunity to live in the suburbs and work in Philadelphia. This was the start of commuter society we still enjoy today.

Haddon Heights School District

"HADDON HEIGHTS CLASS OF 2016 CONTINUES TRADITIONS!"

The Haddon Heights High School graduating class of 2016 continues the tradition of outstanding student accomplishments and recognitions. Of this year's graduating class, 99% will continue their education at 2 and 4 year colleges, technical schools and in the military.

This year's valedictorian, Justina Snyder of Haddon Heights, will attend Ithaca College. Last summer, Justina became only the second female student ever from Camden County to be elected the New Jersey Girls' State Governor, and the first from Haddon Heights High School during this prestigious program.

Salutatorian, Natalie Hales of Barrington, received appointments to both the United States Naval Academy at Annapolis and the United States Military Academy at West Point. Natalie will attend West Point. Claudia Bowman of Barrington accepted an appointment to the United States Military Academy Prep School at West Point, NY. Adam Laskey, also of Barrington, received an athletic scholarship for baseball to attend Duke University in Durham, North Carolina. Paula Clemente of Haddon Heights has been granted a full academic scholarship to Temple University to study Music Therapy. Ibrahim Massey of Lawnside has committed to Monmouth University and will receive a full track scholarship. Leah Peshkin of Haddon Heights will attend Chestnut Hill College and received a soccer scholarship. Several other seniors will continue their academic and athletic pursuits at Division III colleges.

The Class of 2016 also played an integral role in warmly welcoming the first freshman class from Merchantville this school year.

Haddon Heights Elementary Parent Teach Group

The Haddon Heights Parent Teacher Group (HH PTG) is pleased to announce that over \$16,000 was raised during the 2015/2016 school year. We would like to thank our amazing parent and teacher community for another wonderful school year. All funds raised will be used to provide continued professional development opportunities for our elementary school teachers, as well as offer unique programs in the arts, sciences, and technology for our students. We would especially like to thank our board, committee, and program chairs, many of whom will be "retiring" from the PTG this year due to student graduations:

- Holly Russell, Treasure and Chair, Run Like Its Recess Chair (retiring, new chair needed)
- Jackie Schroeder, Kathy Lewis, Danielle Linaris, Hoots & Howls
- Jenny Fogerty and Kristen James, Valentine's Day Sock Rock
- Linda Schreiber, Annual Science Fair (retiring, new chair needed)
- Jennifer Griffith and Shannon Severino, Earth Day Events
- Larissa Whitman, Grocery Card Connection
- Kim Dodds, Assembly Coordinator (retiring, new chair needed)
- Kathy Mullan, Scholastic Book Fair
- Claire Wikberg, Yearbook (retiring, new chair needed)
- Antonella Kressel, Theater Week (retiring, new chair needed)

As you can see, with all of our "retirees" we are at a critical juncture for the 2016/2017 school year. Please consider volunteering as a committee or program chair in order to save these programs and allow them to continue. Many events can be put together by a small group of friends which makes the experience fun and worthwhile. The PTG is also a great way to meet other parents in the committee and get to know our principals and teachers. Contact the PTG to learn more about 2016-2017 planning and opportunities to engage at: hhptg@hhsd.k12.nj.us. Thank you for your support!

Improper Mulching Can Kill Your Trees!

It's that time of year when everyone wants to clean-out and freshen-up their garden beds. They like the "pleasing" look of mulch without the presence of leaves. Rather than rake up the leaves and put them out for the town to compost, consider using a mulching mower and leave the clippings on the lawn as fertilizer. Or, catch the clippings and use as free, beneficial mulch in your garden beds. It is more "earth-friendly". Don't like the look of shredded leaves? Put a thin layer of more attractive mulch on top of them.

There are many "green" benefits to applying mulch. Less fertilizer is needed since the mulch slowly decomposes, improving soil fertility. It also helps maintain soil moisture, decreasing the need for extra watering. Weeds are prevented from germinating and growing, so herbicides are not needed. Mulch keeps the soils cooler in summer and warmer in winter. Mulch also makes maintenance easier and helps prevent damage from mowers or string trimmers.

Improper "Volcano" Mulching!

Unfortunatly, there is a practice that the general public now thinks is the proper way to mulch around a tree or large shrub. It is referred to as "volcano mulching". We all have seen it, especially in shopping centers, apartment complexes and even on public property. With this type of mulching, the mulch is applied directly next to the trunk of the tree, often extending a foot or more up the trunk. This kind of mulching is very dangerous to the tree and can actually kill it. It is among the leading cause of mortality in freshly planted trees. It makes the tree more susceptible to fungus, insects and rodents, particularly voles which eat the bark and roots. It also prevents water from reaching the root system of the tree. You can see an example of "volcano mulching" in the photo. Even landscapers are guilty of doing this. They want to please their customers who insist on it because they think it is the right way to mulch.

The correct way of mulching is called "donut mulching". A ring of mulch, generally advised to be about 3 inches deep, is put around the tree extending out as far, when possible, as the branches extend. Minimal mulch, a thin coating at most, is placed within about 3-4 inches of the trunk. Therefore the mulch closest to the trunk is in the shape of a donut.

Sustainable Haddon Heights encourages you to mulch properly. Do not follow the lead of your neighbors, family or friends. Be a leader and an educator and tell others - even a professional if you hire one - about the proper way to apply mulch. Your trees will thank you!

Friends of Glover Fulling Mill Park Created

Friends of Glover Fulling Mill Park has recently been established by Resolution of the Borough. As a Committee of the Borough, Friends will help by planting a garden with bushes used in the dyeing of fabric, with occasional cleanups of the park, and occasionally holding events commemorating the Glover Fulling Mill.

In 1911 the Glover Family sold the Mill and surrounding seven acres to the Borough for a new sewer and public works plant. The Borough has been the custodian of the remains of the Glover Fulling Mill. In 2011 the Borough sold six acres to Bob Meyer Communities for development of houses on Fulling Mill Lane with the remaining one acre, which contains the Glover Fulling Mill Archaeological Site, designated as a passive park with entrances from Fulling Mill Lane and Sylvan Drive.

In June, the area immediately adjacent to the mill remains will be graded and the remains fenced in. The wooded section of the Park will be made "park ready" by John Ellis and the DPW with the assistance of Steve Dorsey, Borough arborist. Westfield Associates is preparing a sign describing the mill and fulling process, its Revolutionary War history and the Glover Family that will be installed this summer. This park is being created with a grant from the New Jersey Historic Trust. The Borough will continue to own and maintain this one acre park - the grass, the woods and the fenced in remains of the archaeological site.

All interested residents are invited to join the Friends of Glover Fulling Mill Park by calling Rose Fitzgerald at 547-3950.

Walk to School June Challenge!

The Borough Council would like to urge all school children to JUMP, JOG, JIGGLE and WALK TO SCHOOL IN JUNE. Haddon Heights is one of the Classic Towns of Greater Philadelphia because of its walkability.

More effective than new windows or other "green" initiatives, WALKING rather than driving is the MOST effective way to reduce your carbon footprint.

Haddon Heights Cub Scouts

Haddon Heights Cub Scout Pack 163 serves boys from kindergarten through 5th grade. In Cub Scouting, boys and their families have fun and adventure in a program that builds character and instills values. Community events, service projects, historical outings, camping, hiking, fishing, orienteering and sporting events are just some of the activities that Cub Scouts do with their families and friends. Come out and see how much fun Cub Scouting can be! For more information you can follow us on Facebook or email: lhoilien@comcast.net

Please plan walking time into your child's school schedule both for exercise and to keep Haddon Heights green.

The Haddon Heights Police Department and Crossing Guards will support this movement. For more information on how you can help, visit these Web sites: www.walktoschool.org; or the National Center for Safe Routes to School - www.saferoutesinfo.org.

Haddon Heights Boy Scouts

Eagle Scout Project

On April 10, 2016, Patrick Hughes, of Haddon Heights Boy Scout Troop 67, completed his Eagle Scout Project at Glenview Avenue School. Patrick designed and coordinated construction of an outdoor classroom next to the school's garden.

The classroom consists of a bordered mulched seating area with four picnic tables and a potting station. He secured donations from Camden County Conservation Company, McCahill's Landscaping, Home Depot, Lowe's, Shop Rite, Acme, The Pretzel Factory, and Krispy Kreme which made this project possible.

Patrick enlisted the help of fellow scouts from Troop 67 along with family and friends. The staff and students were very excited to discover this surprise on the morning of April 11th! Patrick was recognized for efforts at the May Board of Education meeting. Hopefully, Patrick will receive the prestigious title of Eagle Scout in the near future. Thanks, Patrick, for a job well done!
