Farmer's Market Returning to Heights

By Joseph Gentile

The Haddon Heights Business and Professional Association will be promoting the second season of the Farmers Market located on Station and Atlantic Avenue beginning on May 6 2012, 10 a.m. to 1 p.m.

The HHFM, or 'the Market' as I like to call it will continue to feature many local farmers, artisans, businesses and vendors. The idea is to grow the HHFM to where local residents make it a purpose to stop and see what's new every Sunday.

HHYA Set for a New Baseball-Softball Season!

Warm weather brings baseball and softball fever to Haddon Heights! More than 500 boys and girls ages 5 to 15 are registered for the HHYA Spring 2012 season which kicks off with an Opening Day Parade and Ceremony scheduled for Saturday, March 31 at 9:00 AM (rain date is Sunday, April 1 at 1:00 PM).

HHYA has a long-standing tradition to honor individuals or organizations making outstanding contributions to HHYA or the Haddon Heights community. The 2012 Spring season will be dedicated to active military from Haddon Heights. For those able to attend, HHYA is honored to publicly thank them for their service and have a representative throw out the first baseball and softball pitch.

HHYA is proud the West Atlantic Avenue baseball and softball fields will be bustling with excitement and friendly competition for hundreds of T-ballers to teens for months to come. HHYA's 12 Under Boys Leagues offer age-appropriate, friendly competition among Rookies (7-8), Minors (9-10) and Majors (11-12). Each league has six teams. In the Teens division, there is one 13-year-old team and two 14-15 teams that play in the Tri-Town League, a local competitive travel league.

While girls in the Rookies Division (7-8) will enjoy friendly competition among four in-town teams, HHYA's older girls will play in the United Girls Softball League (UGSL), a local travel league rich in tradition and friendly competition. Two teams each will be entered for Minors (9-10) and Majors (11-12).

And for those where the baseball and softball dream is just beginning, HHYA hosts Instructional Leagues for our boys and girls ages 5 and 6, which offer group instructional clinics for half the season to teach our youngest players the basic skills associated with the game. When games begin at this age in May, the children are knowledgeable and ready to play!

Above: Opening Day Ceremonies from 2011. An exciting beginning to an what is always great season!

In conjunction with the Haddon Heights Mayor's Office, Department of Public Works, Parks & REC Department and the Board of Education, HHYA continues to make headway with softball and baseball field improvement projects to improve the quality of play and enhance aesthetics of the athletic complex. Even if your family has no children playing in the program, HHYA encourages all residents of Haddon Heights to visit the ball fields, buy a hot dog and soda and enjoy America's favorite past-time.

MAYOR'S MESSAGE:

Dear Residents:

It seems like just yesterday that I took office as your Mayor. It is hard to believe it has already been just under three months. I want to take this opportunity to update you on the many items that Borough Council and I have been working on.

I am proud to report that the Borough is in good shape, and with some of the endeavors we are undertaking, we expect to be in even better shape as the year goes on. I know that property taxes are one of the biggest issues on residents' minds. Currently, we are working on the Borough's budget. We have focused our attention on doing more with less by keeping a very close eye on our costs. We don't want to place any more burden on our taxpayers

than is absolutely necessary. Particularly when it comes to borough contracts, the excuse that "this is the way it's always been done" is an excuse of the past. We have replaced a number of borough vendors, all at cost savings to you.

As you know, the Borough tax rate is only a portion of your total property taxes – the County and the School District both set their own budgets and tax rates. Borough Council will keep the Borough portion of your taxes under control. We are hoping that the County and the School District will be just as responsible with your money as we are.

One of our priorities has been to improve transparency and responsiveness at Borough Hall. I've instituted regular office hours in the Mayor's Office. These

Mayor Edward S. Forte, Jr.

dates will be published on the cover of each edition of the Heights Report. Please note the upcoming dates of Thursday, April 12th and Thursday, May, 10th from 2:00 to 6:00 p.m. I want to thank the many residents who have come by to speak with me with a regarding a concern or problem, or who have just stopped in to say hello or to share a new

idea. My door is always open as it is my job to treat every resident who reaches out to me with courtesy, respect and understanding.

We have also changed the format of our Council meetings. The first half hour of each meeting is an open caucus, where the Mayor and Council sit at a table and discuss issues of concern to the town, often with the input of department heads and other borough employees. This discussion, which takes place in full view of the public, ensures that everyone's voice is heard and that we have a good opportunity to engage in long-term planning on issues facing the Borough.

In addition to Councilwoman Kathy Lange taking office as Council President, and newly elected Councilman Rick DiRenzo joining Council, I was pleased to welcome

back former Mayor and now Councilwoman Susan Griffith to Council. Councilwoman Griffith has brought herself up to speed quickly, and I am pleased that the Borough will have the benefit of her experience and talents as we move forward.

We are continuing to look at ways to upgrade the Borough's assets and property, work with our local businesses, improve the business climate and host top-notch civic events that are the source of so much pride in our town. Please keep your eye out for announcements about all of these topics as we move forward together. If you have any ideas or suggestions, my door is always open. I look forward to meeting and hearing from more of our residents.

Edward S. Forte, Jr.

The Mayor's Wellness Campaign is Back!

Haddon Heights joined the NJ League of Municipalities' Mayor's Wellness Campaign three years ago and Mayor Ed Forte will be renewing the pledge to healthy living and active lifestyles this year. The goal of the MWC is to facilitate events and programs that promote living healthfully and provide residents with opportunities for physical activity.

Residents, representatives from community groups, faith-based organizations and local business owners are invited to join the Mayor's Wellness Campaign in its first step on the road

to fostering healthy living and active lifestyles in Haddon Heights by attending an open forum meeting on Monday, April 30, 2012 at the Haddon Heights Cabin (600 W. Lippincott Lane) at 7:00 p.m. This is an opportunity to network, share information about current programs and brainstorm future goals for the community.

For more information on the Mayor's Wellness Campaign, see www.facebook.com/haddonheightsmwc or contact MWC Coordinator Joanna Barron at 856-655-2686 or barron.joa@gmail.com.

FREE Spring Program Offerings

The following free programs are being offered by the Borough and Sustainable Haddon Heights to educate the community on practical, cost effective ways to forge a sustainable path into the future.

Thursday, April 19, 7 PM: Living Sustainably (and Cheaply) with Kids: Steven Smith, a stay-at-home dad of four, will talk about his family's experiences with living sustainably. How difficult is it to do? What are the benefits? He'll offer advice and helpful hints in this lively, kid-friendly presentation.

Tuesday, May 15, 7 PM: Rain Gardens: Besides adding beauty to the landscape, like the Borough's rain garden at the Community Center, rain gardens soak up runoff from roofs, patios, and driveways, returning it to the

ground rather than into the storm system where it can pollute our streams and lakes. In this workshop you will learn how to choose a spot for a rain garden, how to prepare the area, and select appropriate plants. Presented in cooperation with Rutgers Cooperative Extension.

All programs will be held at the Haddon Heights Cabin, 600 W. Lippincott Lane.

Please register with Kelly Santosusso at ksantosusso@haddonhts.com or 856-547-7164, ext. 23 or online at www.sustainablehaddonheights.org.

The Haddon Heights Police Department From the Captain's Desk

Interested in a career in law enforcement?

It is very competitive out there and Law Enforcement is getting more and more selective. One of my goals is to give residents interested in law enforcement good advice on how to become a law enforcement officer. My door is always open so do not hesitate to stop by and speak to me. Below are some strong suggestions you can use to set yourself apart from others:

1) Go to college, you don't necessarily have to get a law enforcement degree, you should obtain a degree that taxes your brain. All organizations be it local, County, State or Federal will rank a candidate higher if they receive good grades in a hard major. (You have to consider that things change, you might find out you are not mentally or physically qualified to be an officer. It is good to have a degree you can use outside of police work.)

2) You need to be physically fit, you should be a "gym rat" and "stand-out" when you take a PT test. You should stay active in something athletic; we don't like "coach potatoes".

3) You should take preparation classes for police written examinations. Don't wait because you never know when the opportunity will arise. It's not just a pass or

fail issue, the higher your score the less competition you have.

4) Try to get your Class I or preferably a Class II PTC certification, if you do not have one, apply as an officer at shore communities now. It is a great way to get training and on-hands experience between the spring and fall semesters at college. Remember it is not an internship these are sworn officers.

5) Continue with your college education!

6) Be involved: we are looking for people who give back and who participate, so volunteer and get involved in your community.

If you are a resident and are interested in Law Enforcement please give me a copy of your resume: include an email address. I periodically do email blasts with job listings.

Drug Alliance

The Haddon Heights Drug Alliance 2012 meetings will be held on April 16, May 21, June 18, September 17, and November 19. Remember to check us out online at <http://www.haddonhts.com/drug-alliance.php>. Is your organization looking for some financial assistance during these hard economic times? Does the organization offer some type of substance abuse treatment or prevention education, or provide an activity to our residents as an alternative to substance use? If so, contact the Haddon Heights Drug Alliance and maybe we can help. Contact Sue Griffith, chair at suebee_18@hotmail.com for more information. And remember, the HHDA is always looking for new members.

Be Alert for Increased Pedestrian Traffic

The Haddon Heights Police Department would like to remind residents that the spring sports season is upon us. Therefore after the winter lull you will now notice increased pedestrian, motor vehicle and bicyclist activity near sports fields. Please make a point of slowing down as you drive through these areas. Additionally, we ask that you abide by all No Parking regulations. These regulations were passed to reduce bottleneck situations and to open up sightlines so motorists can see pedestrians, including children.

Our Department will strictly enforce speeding and No Parking violations in these areas. Thank you for your cooperation.

Changing Traffic Patterns

The New Jersey Department of Transportation has a bridge deck replacement scheduled for Route 168 over I-295 this spring. Motorists are asked to watch out for changing traffic patterns and to drive slowly for pedestrians and construction workers.

ZONING

The Borough has received many complaints recently about pet owners allowing their pets to 'do their business' on public and private property and neglecting to pick it up. This is in violation of Haddon Heights Borough Code.

It is also required that all cats and dogs be licensed annually.

The following are the Borough codes pertaining to the above violations.

§ 125-1. Dogs and cats running at large prohibited; violations and penalties. [Amended 9-20-1994 by Ord. No. 964] Any person who owns, keeps or harbors any dog or cat and who permits such dog or cat to run at large shall be guilty of a violation of this article and, upon conviction thereof, shall be punishable as provided in Chapter 1, General Provisions, Article II, General Penalty, § 1-15; provided, however, that even if such dog or cat is on a leash, it shall be deemed to be running at large if said leash exceeds eight feet. This section is adopted pursuant to N.J.S.A. 40:48-1(11).

§ 125-3. Prohibited acts. No person who owns, keeps, harbors, walks or has custody of a dog shall permit, cause, suffer or allow such dog to defecate upon, soil, defile or commit any nuisance of any kind on any public or private property without the express permission of the owner of such property.

§ 125-4. Removal and disposal of feces. In the event that a dog shall soil, defile or defecate upon any public or private property, the owner, keeper, harborer and/

or person having custody of said dog shall immediately remove and sanitarly dispose of said dog's feces and droppings deposited by such dog, which removal shall be by a shovel, container, disposal bag or any other sanitary manner.

§ 125-5. Maintenance of property. A person who owns, keeps, harbors or has custody of a dog shall maintain such person's property in a sanitary manner so as to prevent any noxious odors, attraction of insects, attraction of vermin breeders and any other public health nuisance.

§ 125-6. Violations and penalties. Any person or entity found guilty of violating this article shall be subject to a maximum penalty of a fine not exceeding \$1,250 or by imprisonment for a period not exceeding 90 days or by a period of community service not exceeding 90 days, or any combination thereof. It shall be a defense to a conviction for violation of this article if the person or entity in question has complied with § 125-4 of this article.

§ 1-15. Violations and penalties. Any person violating any of the provisions of any chapter of this Code in which a different penalty is not specifically provided shall, upon conviction thereof, be punishable for each violation by a fine of not more than \$1,250 or by imprisonment for a term of not more than 90 days or by community service for up to 90 days, or any combination thereof.

A HADDON HEIGHTS FAVORITE FOR 26 YEARS

Where We Live, Work & Play

Fire Department

It has been a productive and active new year so far for the Haddon Heights Fire Department. To ring in 2012, the department welcomed five new members to its ranks. The addition of these firefighters was commemorated with a public swearing in ceremony that was held in front of the Borough Council at the February Council Meeting. There, new members Steven Mach, Joseph Hales, David Brown, Daniel Brown and William Petrina were administered the oath of office.

As probationary firefighters, each new member first had to successfully complete a comprehensive training course at the Camden County Emergency Services Academy known as Firefighter I. Upon completing this rigorous training program, where knowledge and practical skills in the activity of fire suppression are extensively tested and reinforced. Each man was then officially certified by the State of New Jersey as a formal firefighter. During the probationary period each of the five new members demonstrated the desired dedication, and commitment necessary to be a beneficial member to the Haddon Heights Fire Department.

Also, in addition to the welcoming of the new members to the department, the HHFD continued to reap the benefits of its members dedication by improving its emergency services personnel. Firefighters Robert White and Steven Mach successfully completed the Camden County Emergency Services Academy's Firefighter II training course. In this class, members White and Mach learned advanced tactics and practical skills in a wide range of scenarios that are commonly faced by members of the fire service. This advanced training program was completed by

the members over several months in 2011 and was successfully completed by both men in November of last year. These members are now certified by the State of New Jersey as having successfully completed Firefighter II, better preparing them in the service that we provide. And lastly, to note the goings on of the HHFD, the department's membership is again entering a team of personnel into the annual American Lung Association Stair Climb, which will be held at the Three Logan Square building in Philadelphia on March 24, 2012. This event is an annual charity event designed to raise money and awareness of the myriad of respiratory health issues faced by millions in this country every day. It is an especially important topic for the members of the HHFD who are exposed to any number of potentially harmful materials which can damage the lungs and effect long term respiratory health. The stair climb will involve each participating member of the department climbing the entire staircase of the Three Logan building. Fifty stories of stairs in all. The team is led by the HHFD's Captain Harry Scharle who is the organizer and leader of the department's participation. All told over a dozen members of the HHFD will be participating in the event and will be joining several other teams also participating from many other neighboring fire departments in the area. This year's Stair Climb looks to be another annual success for the HHFD who are looking to represent the town and department with pride as well as raise support and awareness for this very important cause.

Farmer's Market Returning to Heights

continued from cover

The idea is to grow the HHFM to where local residents make it a purpose to stop and see what's new every Sunday. We want people to know what we have to offer and who is offering it. There really is something for everyone, kids, adults, pets, everyone! All the participants bring a unique quality to the market so that every stop along the way is unique. Great music adds to the ambiance while familiar faces make it even better. The local Restaurants may play a role as well

featuring the Market's seasonal provisions made available.

The vision is simple: Get everyone involved bringing sustainability, business, and community together. Haddon Heights needs this, and most of all the Market needs you. Please stop by and see what's going on first Sunday in May; you may be pleasantly surprised. Finally, to all those who supported us last Fall, I thank you and welcome you back in this Spring. Hope to see you ALL at the Market!

Evoy-Banasz Funeral Home

Colleen Banasz is the owner of EVOY-BANASZ FUNERAL HOME and a newly licensed New Jersey Funeral Director. It did not begin that way when she moved to Haddon Heights in 1991. Her late husband, Jeff, and she purchased the funeral home, and it was Jeff who ran the operations while Colleen assisted with hair and makeup, administrative work and as an attendant. Jeff was happy and proud of his wife's involvement in the business as he firmly believed that women are an asset to the funeral industry.

Colleen (nee Hansberry) of Margate met Jeff at Mt. St. Mary's University. After Jeff graduated from American Academy McAlister's Institute of Funeral Service (AAMI), they married and had two children, Jeffrey and Lauren.

Jeffrey is a 2000 graduate of the United States Naval Academy and served in the Marine Corps during Operation Iraqi Freedom. He resides in Moorestown with his wife Tara (nee Matteo) and sons, JT and Carter. Lauren, a TCNJ graduate, married Maj. Jeffrey McCarthy, a USNA classmate of Jeffrey's. They reside in Annapolis with their son, Jackson. Although Jeffrey and Lauren helped at the funeral home, neither felt called to the profession. Perhaps there will be a grandchild in the business in the future. When the Banasz family moved to Haddon Heights they embraced the warmth of the community. Jeffrey often remarked to his parents: "It's like small town USA; it's what our country is all about!" Jeff and Colleen continued upholding the ideals of commitment to service and family as initiated with the Evoy family.

In September of 2008, Jeff died quite suddenly. Determined to continue what they had done together, Colleen, who holds a Masters in Education from University of Scranton, enrolled and graduated cum laude from AAMI and completed requirements for licensure in December. In addition to funeral service, she teaches at St. Rose and is active in community programs such as Rotary.

Pinnacle Irrigation & Nightlighting

Pinnacle Irrigation & Nightlighting, owned by Marty & Liz DeNinno, relocated their business to Haddon Heights just one year ago. As their name suggests, they primarily specialize in the design, installation, and maintenance of both irrigation and night-lighting systems. "We service all brands of sprinkler systems as well as all brands of low-voltage lighting systems", says Marty. Their other services include backflow testing, drainage and gutter cleaning. "We put water where you want it, and take it away from where you don't."

They are located at 503 White Horse Pike and couldn't be happier to be there! With the close proximity to Route 295, it's the perfect location for their business. "And being situated right in the middle of the beautiful streetscape of the Historic District, well, that's just the icing on the cake!" says co-owner Liz DeNinno. "We've gotten to know some of the other business owners in town and they've made us feel right at home."

Pinnacle's main goal is to provide superior customer service in a timely and professional manner to all their customers. They pride themselves on building relationships with their customers. They feel that's what separates them from other contractors. Marty has over 25 years experience in the industry and their service crew has a combined 20 years. "When it comes to irrigation, there's not much out there I haven't seen", says Marty. They hold a NJ State Irrigation license, and are members of the Irrigation Association of New Jersey. Since moving to Haddon Heights, they have also become members of the Haddon Heights Business Association and hope to become more involved in the community. They are presently sponsors of the Haddon Heights Little League.

Pinnacle is currently scheduling sprinkler system start-ups. If you would like to schedule a service or learn more about Pinnacle, call (856) 428-1700 or visit their website at www.PinnacleIrrigation.com.

Joan Moreland - Interim Borough Clerk

Joan Moreland began working for the Borough July of 1987 as the Deputy Borough Clerk. In just over a year, October of 1988, Joan took over the role of Borough Clerk and Deputy Treasurer after the sudden death of the Clerk. Joan quickly mastered the job and held these positions for over 20 years. Joan served the Borough well during these years, achieving several certifications, Certified Municipal Clerk, Certified Municipal Registrar and Master Municipal Clerk. Mrs. Moreland not only maintained the continuing education of these certifications but also rose to the position of President of the Clerks Association for the year 2009 - 2010. Joan has also served on our Local Board of Health as recording secretary for the last nine years.

Interim Borough Clerk - Joan Moreland

Over the years, Joan has worked with Camden County Shared Services Coalition and was instrumental in opening the lines of communication with the County obtaining competitive bids and joint contracts, resulting in a savings to all residents of Haddon Heights. Joan has demonstrated her unique ability to work closely with all members of Borough Council, particularly newly-elected individuals, who find her knowledgeable, eager to help with any questions or problems, pleasant and above all else, a true professional.

Joan officially retired from the Borough after 23 years of service in March of 2010. At the request of Mayor Forte, she happily agreed to return to help out until a certified clerk could be hired. She has been invaluable to the

new administration. Joan's professionalism and knowledge of municipal government is unmatched. Mayor Forte publicly thanked Joan during the Reorganization meeting in January for her commitment to the Borough. Joan truly loves Haddon Heights and the work she has done and continues to do for our town. Residents and employees alike know that Joan will help solve whatever problems or questions may arise.

How many retirees are willing to return to their jobs once they've retired? Part of what made the decision easy for Joan was the long term friendships with several co-workers as she loves working and seeing everyone again over the past few months.

Joan has lived in the area all of her life, attending Haddon Heights High School. She lives close by in Barrington with her husband, Rich. They enjoy traveling, including trips to Atlantic City, and spending time with her husband and extended family.

THANK YOU FOR YOUR DEDICATION TO OUR TOWN!

Caregivers Puts Kids in the Driver's Seat with Touch-A-Truck

Kids have the chance to sit in the driver's seat, honk horns and explore a variety of large vehicles in the parking lot of the Haddonfield United Methodist Church on April 28 from 10 a.m. to 2 p.m.

Boys and girls will have the opportunity for a truly hands-on experience with trucks of all kinds. They can climb up and check out the inside and ask questions about the vehicles.

All proceeds benefit Interfaith Caregivers, a non-

profit organization that facilitates independent living for seniors and the disabled in Haddon Heights and Haddonfield.

Visit the Interfaith Caregivers Touch-A-Truck Family Festival, April 28 from 10 a.m. to 2 p.m. at the Haddonfield United Methodist Church, located at 29 Warwick Road, Haddonfield.

Interfaith Caregivers Hosts New Volunteer Orientation Session

Interfaith Caregivers' volunteers provide assistance in a variety of ways, from transportation to ap-

pointments, grocery stores and meetings; visits with clients; preparation of meals and checking up on those living alone.

Do you have an hour a week or an hour a month? Interfaith Caregivers works with volunteers' availability to service our clients.

Interfaith Caregivers will host a new volunteer orientation session Wednesday, April 18 from 9 a.m. to 11:30 a.m. in the Haddon Heights Borough Hall, 625 Station Avenue in Haddon Heights.

What does it mean to be a Good Neighbor?

Haddon Heights residents share more than sidewalks, schools, and John's Friendly Market. We share a community. More importantly, we share a sense of community.

Being a good neighbor can mean any number of things. It can mean borrowing eggs, bringing in a recycling can, or simply being courteous and not trimming your hedges at 6 a.m.

At Haddon Heights Good Neighbors, our name reflects our mission, which is to aid residents in time of need by providing appropriate material assistance on a short-term emergency basis. This might mean paying a utility bill for an unemployed father, helping an elderly resident with a medical expense, or providing a gift card to a needy family during the holidays.

Webster's defines a neighbor as one who lives near another. Haddon Heights Good Neigh-

bors defines a good neighbor as one who helps another in hard times – understanding the need for compassion with discretion.

Who are we? Haddon Heights Good Neighbors is made up of the people of Haddon Heights, is operated by the people of Haddon Heights and is exclusively for the people of Haddon Heights.

Our Mission is to bring short-term financial assistance of a material nature to Haddon Heights residents in need.

If you'd like to volunteer your time, make a donation, or inquire about receiving help, please visit us at www.hh-goodneighbors.org or contact us at 546-6677. Tax-deductible monetary contributions can be sent to:

"Remembering Yesterday for the People of Tomorrow"

April 16th - 7:00 PM

Author: Walter S. Andariese presents his book "HILLTOP to HILLTOP in 1840- Signals Across New Jersey"

Walt is extremely proud that he revived some little known (and fascinating) New Jersey history from over 170 years ago. The book describes a communications system sending signals from New York City to Philadelphia in just minutes---without electricity! His talk includes why this system was a secretive operation, and how research was successful in uncovering it (even the ancient Atlantic Ocean was involved!). Walt, a retired high school teacher from Berlin, NJ also wrote "History of the Ben Franklin Bridge" & World War II thru Korea".

Future dates: Monday July 16th and Monday October 15th 2012
