

Learn To Play **PICKLEBALL**

America's fastest growing sport and lots of fun, Pickleball is played on a sized down tennis court with a lower net using a Pickleball "paddle" and plastic balls. Easy to learn and with simple rules, the sport is welcoming to people with all levels of fitness including beginners and "just off the couch".

Our low cost, introductory, coed classes for adults include instruction and actual play from the start. Equipment will be provided. Please bring water and a lawn chair.
