DEPARTMENT OF PUBLIC WORKS

John Ellis, Superintendent
Frank Spadea Jr., Foreman
Chris Tessing, Mechanic
Joe Bradley, Assistant Mechanic

Driver/Operators:

James Hanton, Brian Heckler, Lou De Leonardis,
Mike Borman

RESPONSIBILITIES:

DPW is responsible for maintaining the overall look and feel of the Borough throughout the year. We are responsible for brush, grass and leaf collection as well as the maintenance of Borough properties (buildings, grass cutting, trees and fields); pothole repair, street signs, line painting, snow removal, trash, recycling, holiday decorations, banners and storm water management. We also maintain the Borough's Sanitary Sewer System, including three sewer pump stations.

EAST SIDE: 10TH Avenue to Haddonfield

WEST SIDE: 10TH Avenue to Black Horse Pike

BRUSH: Must be tied and bundled, not to exceed 4 feet in length or 50 lbs. Please do not put your brush out until the night before your collection day.

GRASS CLIPPINGS: Collected Mondays (APR - OCT) – check your calendar. Clippings must be placed in an open container not to exceed 50 lbs. Do not mix brush or trimmings with grass clippings (strictly

enforced). Consider leaving grass clippings on your lawn as fertilizer.

LEAVES: Collected between OCT 15 - DEC 15 during NOV and DEC. Please adhere to the following guidelines:

- Consider mulching your leaves as compost for your spring planting beds.
- Lawn service contractors must remove leaves from your property.
- Rake your leaves to the curb, NOT INTO THE STREET, no more than 7 days prior to collection.
- Leaf piles in the street cause flooding and drainage problems during rainstorms. Do not place leaves closer than 10 feet from any storm sewer inlet.
- Do not mix leaves and brush together.

SNOW REMOVAL: Property owners or tenants are required to remove all snow and ice from sidewalks and corners within 12 hours of daylight after a snowfall. Additionally, it is helpful if you can clear the snow from in front of fire hydrants and around storm water inlets. It is a violation of Borough Code to put snow into the street – violators will be fined. DPW plows Borough streets as quickly as possible and may make several passes, depending on the duration and amount of snowfall.

The following streets are maintained by Camden County (856-566-2980): E. Atlantic Avenue, Highland Avenue, Hillside Avenue, Kings Highway, N. Park Drive, S. Park Drive, Prospect Ridge Blvd., Station Avenue, 9th Avenue and 13th Avenue. New Jersey DOT (856-795-4735) maintains the White Horse Pike (Rt. 30) and the Black Horse Pike (Rt. 168).

TRASH & RECYCLING COMPANY:

South Jersey Sanitation (856) 772-9899

TRASH: You may place your trash at the curb after 4pm the day before, and by 6am the day of collection. Please remove empty cans on the day of collection. Carpet and discarded wood should be cut and tied into 4-foot bundles not exceeding 50 lbs. Please remove or flatten nails to prevent injury to our staff. Private contractors are required to dispose of all construction or demolition debris, so please DO NOT place these materials at the curb.

SINGLE STREAM RECYCLING: Single stream simply means that common recyclables can be mixed together in the same can.

Acceptable materials include: Glass jars and bottles; aluminum and tin cans; plastics #1, #2, #4, #5 and #7; newspapers, white paper, magazines, paperback books and cardboard.

Unacceptable materials include: Plastic bags, coat hangers, pots, pans, Plastic #3 and #6, ceramics, light bulbs, dishes, mirrors, drinking glasses and SYRINGES.

Recycling may be placed at the curb after 4pm the day before, and by 6am the day of collection.

ELECTRONIC RECYCLING: Haddon Heights now provides electronic recycling at our Service Operations Facility. You can drop off all electronics MON - FRI from 7am - 3pm. It is a violation of NJ law to put TVs and computers at the curb.

WHITE GOODS: Anything of metal construction, including appliances. Pipes and poles with concrete on them will not be collected as this is considered to be construction debris. White goods are picked up the third Monday, or you can call Public Works (856) 546-2580 to schedule a pickup.

FIRST RESPONDERS' REMINDER:

Our Fire and Police Departments as well as dispatched Emergency Responders are repeating their request to residents to make sure your house numbers are clearly visible from the street.

Borough Ordinance No. 973 was adopted on April 5, 1995 and Chapter 144 of Borough Code provides the following specifications for numbers, placement and violator penalties for non-compliance:

- A. In Arabic numbers
- B. Minimum height of three inches
- C. Mounted so as to be clearly visible from the street
- D. Contrasting color to the background color it is mounted on
- E. At least 60 inches above the road bed and placed so that trees, scrubs, vines and other obstructions do not block the line of sight of the numbers from the street.

Compliance is required for any sale, conveyance or other transfer of real property. Non-compliance after two months of a violation notice could result in "a maximum penalty of a fine not exceeding \$1,250 or by imprisonment for a period not exceeding 90 days or by a period of community service not exceeding 90 days, or any combination thereof."

Members of the DVOC field trip were from left to right: William B Evans, Frederick Sorenson, Witmer L Stone, William L Baily and Samuel N Rhoads. These dapper-looking gentlemen were not your ordinary fellows out for a good time, but were the incredibly talented and well-educated members of the Delaware Valley Ornithological Society (DVOC), formed in 1890. DVOC organized field trips throughout the region, including this one in their formative years at Glover's Mill, a natural habitat for birds and other wildlife, since the mill was inactive shortly after the end of the Civil War (1865). More about them after the below photo:

Description on the back of the photo is "Mill on J Glover's farm above Mt. Ephraim pond. Photo taken by W.L. Baily on 4.mo 5.1901.

William B Evans (1875-1964) – Attended Moorestown Friends Academy and Westtown School, graduating from Columbia University. Also studied at Rollins College and Harvard. As an educator, he taught French and Natural History at Westtown School, as well as a Quaker orphanage in Ras-el-Metn, Syria. His true character is best revealed by an occurrence which took place in Syria while accompanying Daniel and Emily Oliver, the British Quakers who headed the orphanage where he taught. While on a trip, they were overtaken by a band of Arabs, unfriendly to the English. Finding that the Arabs felt it necessary to take the lives of the Olivers in payment for some wrong at the hands of the British, Bacon Evans said: "These are good people, performing a great service; if you must have a

Life, then take mine." The Arabs were so impressed with his sincerity that they released all of them. *Source: William Bacon Memoriam by Robert L Haines, Moorestown, NJ, 1954.*

Frederick Sorenson – DVOC notes he joined in 1900 and was a member until at least 1937.

Witmer L Stone – Philadelphia, PA (1866-1939) – Graduated from Germantown Academy and the University of Pennsylvania, Class of 1887 with an A.B., followed by an A.M. in 1891. Following his appointment as a Jessup Fund Student at the Academy of Natural Sciences in 1888, he joined The Academy as a professional ornithologist in 1891. Responsible for establishing the Ornithological Section of the Academy in May of 1891. Dr. Stone researched extensively in the Cape May area over many years, and made Cape May famous for birds and birders throughout the world with the publication of the two-volume "The Birds of Old Cape May." *Source: The Auk, Vol. 58, No. 3, pages 299-313, July 1941.*

William L Baily (1861-1947) – Graduated from Haverford College, class of 1883. Architecture was his profession. He was one of the earliest (1895) photographers in America to take pictures of birds in their natural haunts. From his Memoriam by William Serrill, we learn that in addition to being the key founder of the DVOC, he often took bird trips with well-known ornithologists of the time.

Samuel Nicholson Rhoads – Haddonfield, NJ (1862-1952) Graduated from Westtown School in 1880, becoming a farmer in the area now called Audubon. However, in 1892 he did special work at Harvard, eventually becoming associated with The Academy of Natural Sciences in 1895. He made important contributions to mammology and ornithology, and was a frequent contributor to the *Academy's Proceedings*, with thirty-two papers published between 1891-1902. Samuel was the original club Secretary and Treasurer, and his initial notes revealed that "the organization meeting was held at Baily's city residence, 1624 Arch street, then unoccupied, and was noteworthy from the fact that the members had to creep like burglars through a little hole in the wood-work which boarded up the front door, and that Reed provided a cake which satisfied the appetite of the Club for five years - at least no further refreshment appeared at meetings from that time until Baily launched the idea of the annual collation which has proved so successful." *Source: Samuel Nicholson Rhoads 1952 Memoriam, by William Bacon Evans.*

President's Message

December – 2016

On behalf of our business members, I wish to thank the residents and visitors of Haddon Heights for their patronage of our local businesses and our family-friendly events (Cruise Heights and Fall Festival). Our business members operate in Haddon Heights and surrounding towns, and throughout our various business districts. The HHBPA is inclusive of all our businesses and districts, whether they be in a storefront, a home or in cyberspace.

Their membership and calendar advertising fees allow the Haddon Heights Business & Professional Association (HHBPA) to provide each household, most businesses, Borough office, DPW and the Library with no-charge community calendars at a delivered cost of \$10,000 each year; annual scholarships to HHHS and Baptist Regional HS seniors (\$2,000); annual scholarships for American Legion's Boy's and Girl's State (\$500); annual support for the Easter Egg Hunt (\$300); partner with the Borough on Down by the Station Day (\$400); annual DPW luncheon; support for our historic Train Station, Neighbors Night Out and many local non-profit projects. Additionally, two pages of the community calendar are donated to promoting the 501(c)(3) organizations that desperately need your support to keep them going, as well as over 20 no-charge advertising spots (\$1,700 value) for our local performing arts organizations (designed to encourage you to get out of the house and connect with your Classic Town neighbors).

Please get to know the businesses and professionals listed in our directory on the back page of your 2017 community calendar. Without their support, none of the above would be possible. You should also be aware that your support is integral to our business members' success, so please Shop Small with them all year long. I hope you enjoy the holidays and wish you the happiest and healthiest of New Years!

The businesses listed on this page support the community of Haddon Heights in so many ways throughout the year. The \$10,000 delivered cost of this calendar allows them to promote our local civic, faith-based and 501(C)(3) non-profit groups all year long. These groups need both your talents and your money to keep their organizations operating smoothly. When you get the opportunity, consider thanking our business members with a smile, a handshake and your business. It helps make Haddon Heights a special community, and our business members would appreciate it. If you are a local business that is not a member, but would like to be a part of this community support program, please contact Brett Harrison at 310-0827.
